(2) give full and special consideration to older citizens with special needs in planning such programs, and, pending the availability of such programs for all older citizens, give priority to the elderly with the greatest economic and social need.

(3) provide comprehensive programs which will assure the coordinated delivery of a full range of essential services to our older citizens, and, where applicable, also furnish meaningful employment opportunities for many individuals, including older persons, young persons, and volunteers from the community, and

(4) insure that the planning and operation of such programs will be undertaken as a partnership of older citizens, community agencies, and State and local governments, with appropriate assistance from the Federal Government.

§ 3024. Allotment to States

(a) In general

(1) From the sums appropriated under subsections (a) through (d) of section 3023 of this title for each fiscal year, each State shall be allotted an amount which bears the same ratio to such sums as the population of older individuals in such State bears to the population of older individuals in all States.

(2) In determining the amounts allotted to States from the sums appropriated under section 3023 of this title for a fiscal year, the Assistant Secretary shall first determine the amount allotted to each State under paragraph (1) and then proportionately adjust such amounts, if necessary, to meet the requirements of paragraph (3).

(3)(A) No State shall be allotted less than $\frac{1}{2}$ of 1 percent of the sum appropriated for the fiscal year for which the determination is made.

(B) Guam and the United States Virgin Islands shall each be allotted not less than $\frac{1}{4}$ of 1 percent of the sum appropriated for the fiscal year for which the determination is made.

(C) American Samoa and the Commonwealth of the Northern Mariana Islands shall each be allotted not less than $\frac{1}{16}$ of 1 percent of the sum appropriated for the fiscal year for which the determination is made. For the purposes of the exception contained in subparagraph (A) only, the term “State” does not include Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(D)(i) No State shall be allotted less than the total amount allotted to the State for fiscal year 2006.

(ii) No State shall receive a percentage increase in an allotment, above the State's fiscal year 2006 allotment, that is less than—

(I) for fiscal year 2007, 20 percent of the percentage increase above the fiscal year 2006 allotments for all of the States;

(II) for fiscal year 2008, 15 percent of the percentage increase above the fiscal year 2006 allotments for all of the States;

(III) for fiscal year 2009, 10 percent of the percentage increase above the fiscal year 2006 allotments for all of the States; and

(IV) For¹ fiscal year 2010, 5 percent of the percentage increase above the fiscal year 2006 allotments for all of the States.

(4) The number of individuals aged 60 or older in any State and in all States shall be determined by the Assistant Secretary on the basis of the most recent data available from the Bureau of the Census, and other reliable demographic data satisfactory to the Assistant Secretary.

(5) State allotments for a fiscal year under this section shall be proportionally reduced to the extent that appropriations may be insufficient to provide the full allotments of the prior year.

(b) Unused funds

Whenever the Assistant Secretary determines that any amount allotted to a State under part B or C of this subchapter, or subpart I of part E of this subchapter, for a fiscal year under this section will not be used by such State for carrying out the purpose for which the allotment was made, the Assistant Secretary shall make such allotment available for carrying out such purpose to one or more other States to the extent the Assistant Secretary determines that such other States will be able to use such additional amount for carrying out such purpose. Any amount made available to a State from an appropriation for a fiscal year in accordance with the preceding sentence shall, for purposes of this subchapter, be regarded as part of such State's allotment (as determined under subsection (a) of this section) for such year, but shall remain available until the end of the succeeding fiscal year.

(c) Withholding of funds; disbursement

If the Assistant Secretary finds that any State has failed to qualify under the State plan requirements of section 3027 of this title or the Assistant Secretary does not approve the funding formula required under section 3025(a)(2)(C) of this title, the Assistant Secretary shall withhold the allotment of funds to such State referred to in subsection (a) of this section. The Assistant Secretary shall disburse the funds so withheld directly to any public or private non-profit institution or organization, agency, or political subdivision of such State submitting an approved plan under section 3027 of this title, which includes an agreement that any such payment shall be matched in the proportion determined under subsection (d)(1)(D) of this section for such State, by funds or in-kind resources from non-Federal sources.

(d) Costs of administration, ombudsman program, demonstration projects, supportive services, senior centers and nutrition services; payment and determination of non-Federal share

¹ So in original. Probably should be “for”.

shall be available for paying such percentage as the agency determines, but not more than 75 percent, of the cost of administration of area plans;

(B) such amount (excluding any amount attributable to funds appropriated under section 3023(a)(3) of this title) as the State agency determines to be adequate for conducting an effective ombudsman program under section 3027(a)(9) of this title shall be available for conducting such program;

(C) not less than \$150,000 and not more than 4 percent of the amount allotted to the State for carrying out part B of this subchapter, shall be available for conducting outreach demonstration projects under section 3058e of this title; and

(D) the remainder of such allotment shall be available to such State only for paying such percentage as the State agency determines, but not more than 85 percent of the cost of supportive services, senior centers, and nutrition services under this subchapter provided in the State as part of a comprehensive and coordinated system in planning and service areas for which there is an area plan approved by the State agency.

§ 3025. Designation of State agencies

(a) Duties of designated agency

In order for a State to be eligible to participate in programs of grants to States from allotments under this subchapter—

(1) the State shall, in accordance with regulations of the Assistant Secretary, designate a State agency as the sole State agency to—

(C) be primarily responsible for the planning, policy development, administration, coordination, priority setting, and evaluation of all State activities related to the objectives of this chapter;

(D) serve as an effective and visible advocate for older individuals by reviewing and commenting upon all State plans, budgets, and policies which affect older individuals and providing technical assistance to any agency, organization, association, or individual representing the needs of older individuals; and

(E) divide the State into distinct planning and service areas (or in the case of a State specified in subsection (b)(5)(A) of this section, designate the entire State as a single planning and service area), in accordance with guidelines issued by the Assistant Secretary, after considering the geographical distribution of older individuals in the State, the incidence of the need for supportive services, nutrition services, multi-purpose senior centers, and legal assistance, the distribution of older individuals who have greatest economic need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas) residing in such areas, the distribution of older individuals who have greatest social need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas) residing in such areas, the distribution of older individuals who are Indians residing in such areas, the distribu-

tion of resources available to provide such services or centers, the boundaries of existing areas within the State which were drawn for the planning or administration of supportive services programs, the location of units of general purpose local government within the State, and any other relevant factors;

(2) the State agency shall—

(B) provide assurances, satisfactory to the Assistant Secretary, that the State agency will take into account, in connection with matters of general policy arising in the development and administration of the State plan for any fiscal year, the views of recipients of supportive services or nutrition services, or individuals using multipurpose senior centers provided under such plan;

(C) in consultation with area agencies, in accordance with guidelines issued by the Assistant Secretary, and using the best available data, develop and publish for review and comment a formula for distribution within the State of funds received under this subchapter that takes into account—

(i) the geographical distribution of older individuals in the State; and

(ii) the distribution among planning and service areas of older individuals with greatest economic need and older individuals with greatest social need, with particular attention to low-income minority older individuals;

(D) submit its formula developed under subparagraph (C) to the Assistant Secretary for approval;

(E) provide assurances that preference will be given to providing services to older individuals with greatest economic need and older individuals with greatest social need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas), and include proposed methods of carrying out the preference in the State plan;

(F) provide assurances that the State agency will require use of outreach efforts described in section 3027(a)(16) of this title; and

(ii) provide an assurance that the State agency will undertake specific program development, advocacy, and outreach efforts focused on the needs of low-income minority older individuals and older individuals residing in rural areas; and

(iii) provide a description of the efforts described in clause (ii) that will be undertaken by the State agency; and

(3) the State agency shall, consistent with this section, promote the development and implementation of a State system of long-term care that is a comprehensive, coordinated system that enables older individuals to receive long-term care in home and community-based settings, in a manner responsive to the needs and preferences of the older individuals and their family caregivers, by—

(A) collaborating, coordinating, and consulting with other agencies in such State responsible for formulating, implementing, and administering programs, benefits, and services related to providing long-term care;

(b) Planning and service areas

(1) In carrying out the requirement of subsection (a)(1) of this section, the State may designate as a planning and service area any unit of general purpose local government which has a population of 100,000 or more. In any case in which a unit of general purpose local government makes application to the State agency under the preceding sentence to be designated as a planning and service area, the State agency shall, upon request, provide an opportunity for a hearing to such unit of general purpose local government. A State may designate as a plan-

ning and service area under subsection (a)(1) of this section, any region within the State recognized for purposes of areawide planning which includes one or more such units of general purpose local government when the State determines that the designation of such a regional planning and service area is necessary for, and will enhance, the effective administration of the programs authorized by this subchapter. The State may include in any planning and service area designated under subsection (a)(1) of this section such additional areas adjacent to the unit of general purpose local government or regions so designated as the State determines to be necessary for, and will enhance the effective administration of the programs authorized by this subchapter.

(2) The State is encouraged in carrying out the requirement of subsection (a)(1) of this section to include the area covered by the appropriate economic development district involved in any planning and service area designated under subsection (a)(1) of this section, and to include all portions of an Indian reservation within a single planning and service area, if feasible.

(3) The chief executive officer of each State in which a planning and service area crosses State boundaries, or in which an interstate Indian reservation is located, may apply to the Assistant Secretary to request redesignation as an interstate planning and service area comprising the entire metropolitan area or Indian reservation. If the Assistant Secretary approves such an application, the Assistant Secretary shall adjust the State allotments of the areas within the planning and service area in which the interstate planning and service area is established to reflect the number of older individuals within the area who will be served by an interstate planning and service area not within the State.

(4) Whenever a unit of general purpose local government, a region, a metropolitan area or an Indian reservation is denied designation under the provisions of subsection (a)(1) of this section, such unit of general purpose local government, region, metropolitan area, or Indian reservation may appeal the decision of the State agency to the Assistant Secretary. The Assistant Secretary shall afford such unit, region, metropolitan area, or Indian reservation an opportunity for a hearing. In carrying out the provisions of this paragraph, the Assistant Secretary may approve the decision of the State agency, disapprove the decision of the State agency and require the State agency to designate the unit, region, area, or Indian reservation appealing the decision as a planning and service area, or take such other action as the Assistant Secretary deems appropriate.

(2) The Assistant Secretary, in approving any State plan under this section, may waive the requirement described in paragraph (3)(B) of subsection (a) of this section if the State agency demonstrates to the Assistant Secretary that

the service needs of older individuals residing in rural areas in the State are being met, or that the number of older individuals residing in such rural areas is not sufficient to require the State agency to comply with such requirement.

(c) Notice and hearing prior to disapproval

(1) The Assistant Secretary shall not make a final determination disapproving any State plan, or any modification thereof, or make a final determination that a State is ineligible under section 3025 of this title, without first affording the State reasonable notice and opportunity for a hearing.

(2) Not later than 30 days after such final determination, a State dissatisfied with such final determination may appeal such final determination to the Secretary for review. If the State timely appeals such final determination in accordance with subsection (e)(1) of this section, the Secretary shall dismiss the appeal filed under this paragraph.

(3) If the State is dissatisfied with the decision of the Secretary after review under paragraph (2), the State may appeal such decision not later than 30 days after such decision and in the manner described in subsection (e) of this section. For purposes of appellate review under the preceding sentence, a reference in subsection (e) of this section to the Assistant Secretary shall be deemed to be a reference to the Secretary.

(d) Discontinuance of payments; disbursement of withheld funds to agencies with approved plans; matching funds

Whenever the Assistant Secretary, after reasonable notice and opportunity for a hearing to the State agency, finds that—

(1) the State is not eligible under section 3025 of this title,

(2) the State plan has been so changed that it no longer complies substantially with the provisions of subsection (a) of this section, or

(3) in the administration of the plan there is a failure to comply substantially with any such provision of subsection (a) of this section,

the Assistant Secretary shall notify such State agency that no further payments from its allotments under section 3024 of this title and section 3028 of this title will be made to the State (or, in the Assistant Secretary's discretion, that further payments to the State will be limited to projects under or portions of the State plan not affected by such failure), until the Assistant Secretary is satisfied that there will no longer be any failure to comply. Until the Assistant Secretary is so satisfied, no further payments shall be made to such State from its allotments under section 3024 of this title and section 3028 of this title (or payments shall be limited to projects under or portions of the State plan not affected by such failure). The Assistant Secretary shall, in accordance with regulations the Assistant Secretary shall prescribe, disburse the funds so withheld directly to any public or nonprofit private organization or agency or political subdivision of such State submitting an approved plan in accordance with the provisions of this section. Any such payment shall be matched in the proportions specified in section 3024 of this title.

(1) A State which is dissatisfied with a final action of the Assistant Secretary under subsection (b), (c), or (d) of this section may appeal to the United States court of appeals for the circuit in which the State is located, by filing a petition with such court within 30 days after such final action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Assistant Secretary, or any officer designated by the Assistant Secretary for such purpose. The Assistant Secretary thereupon shall file in the court the record of the proceedings on which the Assistant Secretary's action is based, as provided in section 2112 of title 28.

(2) Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Assistant Secretary or to set it aside, in whole or in part, temporarily or permanently, but until the filing of the record, the Assistant Secretary may modify or set aside the Assistant Secretary's order. The findings of the Assistant Secretary as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Assistant Secretary to take further evidence, and the Assistant Secretary shall, within 30 days, file in the court the record of those further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence. The judgment of the court affirming or setting aside, in whole or in part, any action of the Assistant Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

(3) The commencement of proceedings under this subsection shall not, unless so specifically ordered by the court, operate as a stay of the Assistant Secretary's action.

§ 3028. Cost of administration of State plans

(a) Activities constituting administration; use of excess funds to supplement cost of administration of area plans; election to pay costs from sums received for administration of area plans

(1) Amounts available to States under subsection (b)(1) of this section may be used to make grants to States for paying such percentages as each State agency determines, but not more than 75 percent, of the cost of the administration of its State plan, including the preparation of the State plan, the evaluation of activities carried out under such plan, the collection of data and the carrying out of analyses related to the need for supportive services, nutrition services, and multipurpose senior centers within the State, and dissemination of information so obtained, the provision of short-term training to personnel of public or nonprofit private agencies and organizations engaged in the operation of programs authorized by this chapter, and the carrying out of demonstration projects of statewide significance relating to the initiation, expansion, or improvement of services assisted under this subchapter.

(2) Any sums available to a State under subsection (b)(1) of this section for part of the cost of the administration of its State plan which the State determines is not needed for such purpose may be used by the State to supplement the amount available under section 3024(d)(1)(A) of this title to cover part of the cost of the administration of area plans.

(3) Any State which has been designated a single planning and service area under section 3025(a)(1)(E) of this title covering all, or substantially all, of the older individuals in such State, as determined by the Assistant Secretary, may elect to pay part of the costs of the administration of State and area plans either out of sums received under this section or out of sums made available for the administration of area plans under section 3024(d)(1)(A) of this title, but shall not pay such costs out of sums received or allotted under both such sections.

(b) Formula for computation of allotment; application for additional funds; approval of application by Assistant Secretary; limitation on amount of additional funds; transfer of funds

(1) If for any fiscal year the aggregate amount appropriated under section 3023 of this title does not exceed \$800,000,000, then—

(A) except as provided in clause (ii), the greater of 5 percent of the allotment to a State under section 3024(a)(1) of this title or \$300,000; and

(B) in the case of Guam, American Samoa, the United States Virgin Islands, the Trust Territory of the Pacific Islands, and the Commonwealth of the Northern Mariana Islands, the greater of 5 percent of such allotment or \$75,000;

shall be available to such State to carry out the purposes of this section.

(2) If for any fiscal year the aggregate amount appropriated under section 3023 of this title exceeds \$800,000,000, then—

(A) except as provided in clause (ii), the greater of 5 percent of the allotment to a State under section 3024(a)(1) of this title or \$500,000; and

(B) in the case of Guam, American Samoa, the United States Virgin Islands, the Trust Territory of the Pacific Islands, and the Commonwealth of the Northern Mariana Islands, the greater of 5 percent of such allotment or \$100,000;

shall be available to such State to carry out the purposes of this section.

(3)(A) If the aggregate amount appropriated under section 3023 of this title for a fiscal year does not exceed \$800,000,000, then any State which desires to receive amounts, in addition to amounts allotted to such State under paragraph (1), to be used in the administration of its State plan in accordance with subsection (a) of this section may transmit an application to the Assistant Secretary in accordance with this paragraph. Any such application shall be transmitted in such form, and according to such procedures, as the Assistant Secretary may require, except that such application may not be made as part of, or as an amendment to, the State plan.

(B) The Assistant Secretary may approve any application transmitted by a State under subparagraph (A) if the Assistant Secretary determines, based upon a particularized showing of need, that—

(i) the State will be unable to fully and effectively administer its State plan and to carry out programs and projects authorized by this subchapter unless such additional amounts are made available by the Assistant Secretary;

(ii) the State is making full and effective use of its allotment under paragraph (1) and of the personnel of the State agency and area agencies designated under section 3025(a)(2)(A) of this title in the administration of its State plan in accordance with subsection (a) of this section; and

(iii) the State agency and area agencies on aging of such State are carrying out, on a full-time basis, programs and activities which are in furtherance of the objectives of this chapter.

(C) The Assistant Secretary may approve that portion of the amount requested by a State in its application under subparagraph (A) which the Assistant Secretary determines has been justified in such application.

(D) Amounts which any State may receive in any fiscal year under this paragraph may not exceed three-fourths of 1 percent of the sum of the amounts allotted under section 3024(a) of this

title to such State to carry out the State plan for such fiscal year.

(E) No application by a State under subparagraph (A) shall be approved unless it contains assurances that no amounts received by the State under this paragraph will be used to hire any individual to fill a job opening created by the action of the State in laying off or terminating the employment of any regular employee not supported under this chapter in anticipation of filling the vacancy so created by hiring an employee to be supported through use of amounts received under this paragraph.

(4)(A) Notwithstanding any other provision of this subchapter and except as provided in subparagraph (B), with respect to funds received by a State and attributable to funds appropriated under paragraph (1) or (2) of section 3023(b) of this title, the State may elect to transfer not more than 40 percent of the funds so received between subpart I and subpart II of part C of this subchapter, for use as the State considers appropriate to meet the needs of the area served. The Assistant Secretary shall approve any such transfer unless the Assistant Secretary determines that such transfer is not consistent with the objectives of this chapter.

(B) If a State demonstrates, to the satisfaction of the Assistant Secretary, that funds received by the State and attributable to funds appropriated under paragraph (1) or (2) of section 3023(b) of this title, including funds transferred under subparagraph (A) without regard to this subparagraph, for any fiscal year are insufficient to satisfy the need for services under subpart I or subpart II of part C of this subchapter, then the Assistant Secretary may grant a waiver that permits the State to transfer under subparagraph (A) to satisfy such need an additional 10 percent of the funds so received by a State and attributable to funds appropriated under paragraph (1) or (2) of section 3023(b) of this title.

(C) A State's request for a waiver under subparagraph (B) shall—

(i) be not more than one page in length;

(ii) include a request that the waiver be granted;

(iii) specify the amount of the funds received by a State and attributable to funds appropriated under paragraph (1) or (2) of section 3023(b) of this title, over the permissible 40 percent referred to in subparagraph (A), that the State requires to satisfy the need for services under subpart I or II of part C of this subchapter; and

(iv) not include a request for a waiver with respect to an amount if the transfer of the amount would jeopardize the appropriate provision of services under subpart I or II of part C of this subchapter.

(5)(A) Notwithstanding any other provision of this subchapter, of the funds received by a State attributable to funds appropriated under subsection (a)(1), and paragraphs (1) and (2) of subsection (b), of section 3023 of this title, the State may elect to transfer not more than 30 percent for any fiscal year between programs under part B of this subchapter and part C of this subchapter, for use as the State considers appropriate. The State shall notify the Assistant Secretary of any such election.

(B) At a minimum, the notification described in subparagraph (A) shall include a description of the amount to be transferred, the purposes of the transfer, the need for the transfer, and the impact of the transfer on the provision of services from which the funding will be transferred.

(6) A State agency may not delegate to an area agency on aging or any other entity the authority to make a transfer under paragraph (4)(A) or (5)(A).

(7) The Assistant Secretary shall annually collect, and include in the report required by section 3018(a) of this title, data regarding the transfers described in paragraphs (4)(A) and (5)(A), including—

(A) the amount of funds involved in the transfers, analyzed by State;

(B) the rationales for the transfers;

(C) in the case of transfers described in paragraphs (4)(A) and (5)(A), the effect of the transfers of the provision of services, including the effect on the number of meals served, under—

(i) subpart I of part C of this subchapter; and

(ii) subpart II of part C of this subchapter; and

(D) in the case of transfers described in paragraph (5)(A)—

(i) in the case of transfers to part B of this subchapter, information on the supportive services, or services provided through senior centers, for which the transfers were used; and

(ii) the effect of the transfers on the provision of services provided under—

(I) part B of this subchapter; and

(II) part C of this subchapter, including the effect on the number of meals served.

(c) Availability of funds under this section to provide services under parts B and C

The amounts of any State's allotment under subsection (b) of this section for any fiscal year which the Assistant Secretary determines will not be required for that year for the purposes described in subsection (a)(1) of this section shall be available to provide services under part B of this subchapter or part C of this subchapter, or both, in the State.

§ 3030c-2. Consumer contributions

(a) Cost sharing

(1) In general

Except as provided in paragraphs (2) and (3), a State is permitted to implement cost sharing for all services funded by this chapter by recipients of the services.

(2) Exception

The State is not permitted to implement the cost sharing described in paragraph (1) for the following services:

(A) Information and assistance, outreach, benefits counseling, or case management services.

(B) Ombudsman, elder abuse prevention, legal assistance, or other consumer protection services.

(C) Congregate and home delivered meals.

(D) Any services delivered through tribal organizations.

(3) Prohibitions

A State or tribal organization shall not permit the cost sharing described in paragraph (1) for any services delivered through tribal organizations. A State shall not permit cost sharing by a low-income older individual if the income of such individual is at or below the Federal poverty line. A State may exclude from cost sharing low-income individuals whose incomes are above the Federal poverty line. A State shall not consider any assets, savings, or other property owned by older individuals when defining low-income individuals who are exempt from cost sharing, when creating a sliding scale for the cost sharing, or when seeking contributions from any older individual.

(4) Payment rates

If a State permits the cost sharing described in paragraph (1), such State shall establish a sliding scale, based solely on individual income and the cost of delivering services.

(5) Requirements

If a State permits the cost sharing described in paragraph (1), such State shall require each area agency on aging in the State to ensure that each service provider involved, and the area agency on aging, will—

(A) protect the privacy and confidentiality of each older individual with respect to the declaration or nondeclaration of individual income and to any share of costs paid or unpaid by an individual;

(B) establish appropriate procedures to safeguard and account for cost share payments;

(C) use each collected cost share payment to expand the service for which such payment was given;

(D) not consider assets, savings, or other property owned by an older individual in determining whether cost sharing is permitted;

(E) not deny any service for which funds are received under this chapter for an older individual due to the income of such individual or such individual's failure to make a cost sharing payment;

(F) determine the eligibility of older individuals to cost share solely by a confidential declaration of income and with no requirement for verification; and

(G) widely distribute State created written materials in languages reflecting the reading abilities of older individuals that describe the criteria for cost sharing, the State's sliding scale, and the mandate described under subparagraph (E).

(6) Waiver

An area agency on aging may request a waiver to the State's cost sharing policies, and

the State shall approve such a waiver if the area agency on aging can adequately demonstrate that—

(A) a significant proportion of persons receiving services under this chapter subject to cost sharing in the planning and service area have incomes below the threshold established in State policy; or

(B) cost sharing would be an unreasonable administrative or financial burden upon the area agency on aging.

(b) Voluntary contributions

(1) In general

Voluntary contributions shall be allowed and may be solicited for all services for which funds are received under this chapter if the method of solicitation is noncoercive. Such contributions shall be encouraged for individuals whose self-declared income is at or above 185 percent of the poverty line, at contribution levels based on the actual cost of services.

(2) Local decision

The area agency on aging shall consult with the relevant service providers and older individuals in agency's planning and service area in a State to determine the best method for accepting voluntary contributions under this subsection.

(3) Prohibited acts

The area agency on aging and service providers shall not means test for any service for which contributions are accepted or deny services to any individual who does not contribute to the cost of the service.

(4) Required acts

The area agency on aging shall ensure that each service provider will—

(A) provide each recipient with an opportunity to voluntarily contribute to the cost of the service;

(B) clearly inform each recipient that there is no obligation to contribute and that the contribution is purely voluntary;

(C) protect the privacy and confidentiality of each recipient with respect to the recipient's contribution or lack of contribution;

(D) establish appropriate procedures to safeguard and account for all contributions; and

(E) use all collected contributions to expand the service for which the contributions were given and to supplement (not supplant) funds received under this chapter.

(c) Participation

(1) In general

The State and area agencies on aging, in conducting public hearings on State and area plans, shall solicit the views of older individuals, providers, and other stakeholders on implementation of cost-sharing in the service area or the State.

(2) Plans

Prior to the implementation of cost sharing under subsection (a) of this section, each State and area agency on aging shall develop plans that are designed to ensure that the participa-

tion of low-income older individuals (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas) receiving services will not decrease with the implementation of the cost sharing under such subsection.

(d) Evaluation

Not later than 1 year after November 13, 2000, and annually thereafter, the Assistant Secretary shall conduct a comprehensive evaluation of practices for cost sharing to determine its impact on participation rates (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas). If the Assistant Secretary finds that there is a disparate impact upon low-income or minority older individuals or older individuals residing in rural areas in any State or region within the State regarding the provision of services, the Assistant Secretary shall take corrective action to assure that such services are provided to all older individuals without regard to the cost sharing criteria.

With respect to each waiver granted under this section, not later than 1 year after the expiration of such waiver, and at any time during the waiver period that the Assistant Secretary may require, the State agency shall prepare and submit to the Assistant Secretary a report evaluating the impact of the waiver on the operation and effectiveness of programs and services provided under this subchapter.

(4) provide for periodic evaluation of activities and projects carried out under the application;

(5) establish objectives consistent with the purposes of this part toward which activities under the application will be directed, identify obstacles to the attainment of such objectives, and indicate the manner in which the tribal organization proposes to overcome such obstacles;

(b) Maximum amount of grants

The amount of any grant made under this section shall not exceed the aggregate amount of reasonable interest charges on the loans or other financial obligations incurred to finance the acquisition of such land for a period not in excess of the lesser of (1) five years from the date of acquisition of such land or (2) the period of time between the date on which the land was acquired and the date its use began for the purpose for which it was acquired: *Provided*, That where all or any portion of the cost of such land is not financed through borrowings, the amount of the grant shall be computed on the basis of the aggregate amount of reasonable interest charges that the Secretary determines would have been required.

(c) Utilization of land for public purpose within reasonable period of time

No grant shall be made under this section unless the Secretary determines that the land will be utilized for a public purpose within a reasonable period of time and that such utilization will contribute to economy, efficiency, and the comprehensively planned development of the area. The Secretary shall in all cases require that land acquired with the assistance of a grant under this section be utilized for a public purpose within five years after the date on which a contract to make such grant is entered into, unless the Secretary determines that due to unusual circumstances a longer period of time is necessary and in the public interest.

An interim use of the land for a public or private purpose in accordance with standards prescribed by the Secretary, or approved by him, shall not constitute a diversion within the meaning of this subsection.

(e) Eligibility for other Federal loans or grant programs

Notwithstanding any other provision of law, no project for which land is acquired with assistance under this section shall, solely as a result of such advance acquisition, be considered ineligible for the purpose of any other Federal loan or grant program, and the amount of the purchase price paid for the land by the recipient of a grant under this section may be considered an eligible cost for the purpose of such other Federal loan or grant program.

§ 3121. Findings and declarations

(a) Findings

Congress finds that—

(1) there continue to be areas of the United States experiencing chronic high unemployment, underemployment, outmigration, and low per capita incomes, as well as areas facing sudden and severe economic dislocations because of structural economic changes, changing trade patterns, certain Federal actions (including environmental requirements that result in the removal of economic activities from a locality), and natural disasters;

(2) economic growth in the States, cities, and rural areas of the United States is produced by expanding economic opportunities, expanding free enterprise through trade, developing and strengthening public infrastructure, and creating a climate for job creation and business development;

(3) the goal of Federal economic development programs is to raise the standard of living for all citizens and increase the wealth and overall rate of growth of the economy by encouraging communities to develop a more competitive and diversified economic base by—

(A) creating an environment that promotes economic activity by improving and expanding public infrastructure;

(B) promoting job creation through increased innovation, productivity, and entrepreneurship; and

(C) empowering local and regional communities experiencing chronic high unemployment and low per capita income to develop private sector business and attract increased private sector capital investment;

(4) while economic development is an inherently local process, the Federal Government should work in partnership with public and private State, regional, tribal, and local organizations to maximize the impact of existing resources and enable regions, communities, and citizens to participate more fully in the American dream and national prosperity;

(5) in order to avoid duplication of effort and achieve meaningful, long-lasting results, Federal, State, tribal, and local economic development activities should have a clear focus, improved coordination, a comprehensive approach, and simplified and consistent requirements; and

(6) Federal economic development efforts will be more effective if the efforts are coordinated with, and build upon, the trade, workforce investment, transportation, and technology programs of the United States.

(b) Declarations

In order to promote a strong and growing economy throughout the United States, Congress declares that—

(1) assistance under this chapter should be made available to both rural- and urban-distressed communities;

(2) local communities should work in partnership with neighboring communities, the States, Indian tribes, and the Federal Government to increase the capacity of the local communities to develop and implement comprehensive economic development strategies to alleviate economic distress and enhance competitiveness in the global economy;

(3) whether suffering from long-term distress or a sudden dislocation, distressed communities should be encouraged to support entrepreneurship to take advantage of the development opportunities afforded by technological innovation and expanding newly opened global markets; and

(4) assistance under this chapter should be made available to promote the productive reuse of abandoned industrial facilities and the redevelopment of brownfields.

3272.	Cooperative assistance to State and other public agencies; types of assistance; private engineering services.
3273.	Contributions of State or other public agencies toward cost of soil surveys.

§ 3271. Availability of soil surveys under soil survey program

In recognition of the increasing need for soil surveys by the States and other public agencies in connection with community planning and resource development for protecting and improving the quality of the environment, meeting recreational needs, conserving land and water resources, providing for multiple uses of such resources, and controlling and reducing pollution from sediment and other pollutants in areas of rapidly changing uses, including farmlands being shifted to other uses, resulting from rapid expansions in the uses of land for industry, housing, transportation, recreation, and related services, it is the sense of Congress that the soil survey program of the United States Department of Agriculture should be conducted so as to make available soil surveys to meet such needs of the States and other public agencies in connection with community planning and resource development.

(Pub. L. 89-560, § 1, Sept. 7, 1966, 80 Stat. 706.)

§ 3272. Cooperative assistance to State and other public agencies; types of assistance; private engineering services

In order to provide soil surveys to assist States, their political subdivisions, soil and water conservation districts, towns, cities, planning boards and commissions, community development districts, and other public agencies in community planning and resource development for the protection and improvement of the quality of the environment, recreational development, the conservation of land and water resources, the development of multiple uses of such resources, and the control and prevention of pollution from sediment and other pollutants in areas of rapidly changing uses, including farm and nonfarm areas, the Secretary of Agriculture shall, upon the request of a State or other public agency, provide by means of such cooperative arrangements with the State or other public agency as he may deem advisable, the following assistance with respect to such areas and purposes:

- (1) the making of studies and reports necessary for the classification and interpretation of kinds of soil;
- (2) an intensification of the use and benefits of the National Cooperative Soil Survey;
- (3) the furnishing of technical and other assistance needed for use of soil surveys; and
- (4) consultation with other Federal agencies participating or assisting in the planning and development of such areas in order to assure

the coordination of the work under this chapter with the related work of such other agencies.

The provision by the Secretary of such assistance shall not interfere with the furnishing of engineering services by private engineering firms or consultants for on-site sampling and testing of sites or for design and construction of specific engineering works.

(Pub. L. 89-560, §2, Sept. 7, 1966, 80 Stat. 706.)

§ 3273. Contributions of State or other public agencies toward cost of soil surveys

It is further the sense of the Congress that the Secretary shall make a reasonable effort to assure that the contributions of any State or other public agency under any cooperative agreement which may be entered into between the Secretary and such State or other public agency with respect to a soil survey shall be a substantial portion of the cost of such soil survey.

(Pub. L. 89-560, §3, Sept. 7, 1966, 80 Stat. 706.)

§ 3274. Authorization of appropriations

There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this chapter, such sums to remain available until expended.

SUBCHAPTER II—PLANNED AREAWIDE DEVELOPMENT

§ 3331. Congressional findings and declaration of purpose

(a) The Congress hereby finds that the welfare of the Nation and of its people is directly dependent upon the sound and orderly development and the effective organization and functioning of our State and local governments.

It further finds that it is essential that our State and local governments prepare, keep current, and carry out comprehensive plans and programs for their orderly physical development with a view to meeting efficiently all their economic and social needs.

It further finds that our State and local governments are especially handicapped in this task by the complexity and scope of governmental services required, the multiplicity of political jurisdictions and agencies involved, and the inadequacy of the operational and administrative arrangements available for cooperation among them.

It further finds that present requirements for areawide planning and programing in connection with various Federal programs have materially assisted in the solution of areawide problems, but that greater coordination of Federal

programs and additional participation and co-operation are needed from the States and localities in perfecting and carrying out such efforts.

(b) It is the purpose of this subchapter to provide through greater coordination of Federal programs, and through supplementary grants for certain federally assisted development projects, additional encouragement and assistance to States and localities for making comprehensive areawide planning and programing effective.

(Pub. L. 89-754, title II, § 201, Nov. 3, 1966, 80 Stat. 1261; Pub. L. 90-448, title VI, § 602(b), Aug. 1, 1968, 82 Stat. 531.)

AMENDMENTS

1968—Pub. L. 90-448 extended scope from metropolitan planning and programing to areawide planning and programing.

§ 3374. Acquisition of property at or near military bases which have been ordered to be closed

(a) Authorization; conditions precedent

Notwithstanding any other provision of law, the Secretary of Defense is authorized to acquire title to, hold, manage, and dispose of, or, in lieu thereof, to reimburse for certain losses upon private sale of, or foreclosure against, any property improved with a one- or two-family dwelling which is situated at or near a military base or installation which the Department of Defense has, subsequent to November 1, 1964, ordered to be closed in whole or in part, if he determines—

(1) that the owner of such property is, or has been, a Federal employee employed at or in connection with such base or installation (other than a temporary employee serving under a time limitation), a nonappropriated fund instrumentality employee employed at a nonappropriated fund instrumentality operated in connection with such base or installation, or a member of the Armed Forces of the United States assigned thereto;

(2) that the closing of such base or installation, in whole or in part, has required or will require the termination of such owner's employment or service at or in connection with such base or installation or, in the case of a member of the Armed Forces not assigned to that base or installation at the time of public announcement of such closing, will prevent any reassignment of such member to the base or installation; and

(3) that as the result of the actual or pending closing of such base or installation in whole or in part, or if as the result of such action and other similar action in the same area, there is no present market for the sale of such property upon reasonable terms and conditions.

(b) Eligibility for benefits; criteria

(1) In order to be eligible for the benefits of this section, a civilian employee or a member of the Armed Forces—

(A) must be assigned to or employed at or in connection with the installation or activity at the time of public announcement of the closure action, or employed by a nonappropriated fund instrumentality operated in connection with such base or installation;

(B) must have been transferred from such installation or activity, or terminated as an employee as a result of a reduction in force, within six months prior to public announcement of the closure action; or

(C) must have been transferred from the installation or activity on an overseas tour within three years prior to public announcement of the closure action.

(2) A member of the Armed Forces shall also be eligible for the benefits of this section if the member—

(A) was transferred from the installation or activity within three years prior to public announcement of the closure action; and

(B) in connection with the transfer, was informed of a future, programmed reassignment to the installation.

(3) The eligibility of a civilian employee and member of the Armed Forces under paragraph (1) and a member of the Armed Forces under paragraph (2) for benefits under this section in connection with the closure of an installation or activity is subject to the additional conditions set out in paragraphs (4) and (5).

(4) At the time of public announcement of the closure action, or at the time of transfer or termination as set forth above, such personnel or employees must—

(A) have been the owner-occupant of the dwelling, or

(B) have vacated the owned dwelling as a result of being ordered into on-post housing during a six-month period prior to the closure announcement.

(5) As a consequence of such closure such employees or personnel must—

(A) be required to relocate because of military transfer or acceptance of employment beyond a normal commuting distance from the dwelling for which compensation is sought, or

(B) be unemployed, not as a matter of personal choice, and able to demonstrate such financial hardship that they are unable to meet their mortgage payments and related expenses.

(c) Election of benefits; mortgage loan encumbrance; foreclosure expenses

Such persons as the Secretary of Defense may determine to be eligible under the criteria set forth above shall elect either (1) to receive a cash payment as compensation for losses which may be or have been sustained in a private sale, in an amount not to exceed the difference between (A) 95 per centum of the fair market value of their property (as such value is determined by the Secretary of Defense) prior to public announcement of intention to close all or part of the military base or installation and (B) the fair market value of such property (as such value is so determined) at the time of the sale, or (2) to receive, as purchase price for their property, an amount not to exceed 90 per centum of prior fair market value as such value is determined by the Secretary of Defense, or the amount of the outstanding mortgages. The Secretary may also pay a person who elects to receive a cash payment under clause (1) of the preceding sentence an amount that the Secretary determines appropriate to reimburse the person for the costs incurred by the person in the sale of the property if the Secretary determines that such payment will benefit the person and is in the best interest of the Federal Government. Cash payment as compensation for losses sustained in a private sale shall not be made in any case in which the property is encumbered by a mortgage loan guaranteed, insured, or held by a Federal agency

unless such mortgage loan is paid, assumed by a purchaser satisfactory to such Federal agency, or otherwise fully satisfied at or prior to the time such cash payment is made. Except in cases of payment as compensation for losses, in the event of foreclosure by mortgagees commenced on or after public announcement of intention to close all or part of the military base or installation the Secretary of Defense may reimburse or pay on account of eligible persons such sums as may be paid or be otherwise due and owing by such persons as the result of such foreclosure, including (without limiting the generality of the foregoing) direct costs of judicial foreclosure, expenses and liabilities enforceable according to the terms of their mortgages or promissory notes, and the amount of debts, if any, established against such persons by a Federal agency in the case of loans made, guaranteed, or insured by such agency following liquidation of the security for such loans.

(d) Fund for extension of financial assistance; capital and receipts; availability of monies; covering into Treasury as miscellaneous receipts; Federal title to and control of property; other laws unaffected; foreign properties, exclusion

There shall be in the Treasury a fund which shall be available to the Secretary of Defense for the purpose of extending the financial assistance provided above. The capital of such fund shall consist of such sums as may, from time to time, be appropriated thereto, and shall consist also of receipts from the management, rental, or sale of properties acquired under this section, which receipts shall be credited to the fund and shall be available, together with funds appropriated therefor, for purchase or reimbursement purposes as provided above, as well as to defray expenses arising in connection with the acquisition, management, and disposal of such properties, including payment of principal, interest, and expenses of mortgages or other indebtedness thereon, and including the cost of staff services and contract services, costs of insurance, and other indemnity. Any part of such receipts not required for such expenses shall be covered into the Treasury as miscellaneous receipts. Properties acquired under this section shall be conveyed to, and acquired in the name of, the United States. The Secretary of Defense shall have the power to deal with, rent, renovate, and dispose of, whether by sales for cash or credit or otherwise, any properties so acquired: *Provided, however,* That no contract for acquisition, or acquisition, shall be deemed to constitute a contract for or acquisition of family housing units in support of military installations or activities within the meaning of section 1594i¹ of this title, nor shall it be deemed a transaction within the contemplation of section 2662 of title 10: *Provided further,* That no properties in foreign countries shall be acquired under this section, except in connection with compensation for property located on a base or installation pursuant to subsection (l) of this section.

¹ See References in Text note below.

(e) Fund as source of payments to States in lieu of taxes; limitation on amount; allowance for public service expenditures

Payments from the fund created by this section may be made in lieu of taxes to any State or political subdivision thereof, with respect to real property, including improvements thereon, acquired and held under this section. The amount so paid for any year upon such property shall not exceed the taxes which would be paid to the State or subdivision, as the case may be, upon such property if it were not exempt from taxation, and shall reflect such allowance as may be considered appropriate for expenditures, if any, by the Government for streets, utilities, or other public services to serve such property.

(f) Title requirements; terms and conditions of payment; finality of decisions

The title to any property acquired under this section, the eligibility for, and the amounts of, cash payable, and the administration of the preceding provisions of this section, shall conform to such requirements, and shall be administered under such conditions and regulations, as the Secretary of Defense may prescribe. Such regulations shall also prescribe the terms and conditions under which payments may be made and instruments accepted under this section, and all the determinations and decisions made pursuant to such regulations by the Secretary of Defense regarding such payments and conveyances and the terms and conditions under which they are approved or disapproved, shall be final and conclusive and shall not be subject to judicial review.

(g) Agreements between executive departments; delegation of functions; finality of determinations; availability of Fund

The Secretary of Defense is authorized to enter into such agreement with the Secretary of Housing and Urban Development as may be appropriate for the purposes of economy and efficiency of administration of this section. Such agreement may provide authority to the Secretary of Housing and Urban Development and his designee to make any or all of the determinations and take any or all of the actions which the Secretary of Defense is authorized to undertake pursuant to the preceding provisions of this section. Any such determinations shall be entitled to finality to the same extent as if made by the Secretary of Defense, and, in event the Secretaries of Defense and Housing and Urban Development so elect, the fund established pursuant to subsection (d) of this section shall be available to the Secretary of Housing and Urban Development to carry out the purposes thereof.

(h) Omitted

(i) Specific authorization for funds; expenditure of monies in Fund

No funds may be appropriated for the acquisition of any property under authority of this section unless such funds have been specifically authorized for such purpose in a military construction authorization act, and no moneys in the fund created pursuant to subsection (d) of this section may be expended for any purpose except as may be provided in appropriation Acts.

(j) Omitted**(k) Reduction of operations at military base or installation**

The authority provided by this section to the Secretary of Defense shall also be available when the Department of Defense has ordered a reduction in the scope of operations at a military base or installation. All references in subsections (a), (b), (c), (n), and (o) of this section to "closures" or "closings" or words of similar effect shall be deemed to include the reduction in scope of operations at a base or installation.

(l) Foreign property losses

Notwithstanding the provisions of subsection (a)(2) and subsection (b)(5) of this section, Federal employees or military personnel employed at or near a military base or installation outside the United States who are otherwise eligible under the criteria as set forth above shall be entitled to compensation for losses arising (1) out of the sale of property, or (2) out of the inability to sell property located on a base or installation, incident to the owner's transfer, reassignment, or involuntary termination of employment, which results in his relocation. Such employees or military personnel whose property is located off a base or installation shall be entitled to compensation under subsection (c) of this section for losses sustained in private sales. Such employees or personnel whose property is located on a base or installation, who sell or are unable to find a purchaser for such property, may surrender their interest in such property to the United States, and shall be entitled to compensation, notwithstanding lack of ownership of the land on which such property is located, in an amount equal to (A) 90 per centum of the sum of the present owner's purchase price of the dwelling and improvements, and all costs of ownership including interest on notes, utilities and services, maintenance and insurance, less (B) the total of all housing allowances received from the Government during ownership and occupancy of the dwelling, all rents collected, and the sale price, if any, received for the property, as determined by the Secretary of Defense: *Provided, however,* That the maximum compensation shall in no event exceed 90 per centum of the unamortized portion of the cost of the property, including improvements, at the time ownership is terminated, as reflected in the amortization schedule, if any, relating to such property. For the purpose of this subsection, the term "United States" means the several States and the District of Columbia.

(m) Eligibility for benefits as to closure actions announced after April 1, 1973; criteria

In addition to the coverage provided above, the benefits of this section shall apply, as to closure actions in the several States and the District of Columbia announced after April 1, 1973, to otherwise eligible employees or personnel who are (1) employed or assigned either at or near the base or installation affected by the closure action, and (2) are required to relocate, due to transfer, reassignment or involuntary termination of employment, for reasons other than the closure action.

(n) Relocation assistance for Coast Guard personnel

(1) Assistance under this section shall be provided by the Secretary of Defense with respect to Coast Guard bases and installations ordered to be closed, in whole or in part, after January 1, 1987. Such assistance shall be provided under terms equivalent to those under which assistance is provided under this section for closings of military bases and installations which are under the jurisdiction of the Secretary of Defense.

(2) The Secretary of the department in which the Coast Guard is operating, if other than the Department of Defense, shall reimburse the Secretary of Defense for expenditures under this section made by the Secretary of Defense with respect to closings of Coast Guard bases and installations ordered when the Coast Guard is not operating as a service in the Navy. The Secretary of Defense and the Secretary of the department in which the Coast Guard is operating shall enter into an agreement under which the Secretary of the department in which the Coast Guard is operating shall carry out such reimbursement.

(o) Relocation assistance for nonappropriated fund instrumentality and other civilian employees

(1) Assistance under this section shall be provided by the Secretary of Defense with respect to nonappropriated fund instrumentality employees adversely affected by the closure of a base or installation ordered to be closed, in whole or in part, after December 31, 1988.

(2) Notwithstanding subsection (b) of this section, a civilian employee who is serving overseas and is entitled to reemployment by the Federal Government (including a nonappropriated fund instrumentality of the United States) at or in connection with a base or installation ordered to be closed, in whole or in part, shall be entitled to the benefits of this section to the same extent as an employee employed at or in connection with that base or installation.

(3) All payments to a nonappropriated fund instrumentality employee under this section shall be made from the funds available to the Secretary of Defense under subsection (d) of this section.

MESSAGE OF THE PRESIDENT

To the Congress of the United States:

I transmit herewith Reorganization Plan No. 1 of 1953, prepared in accordance with the provisions of the Reorganization Act of 1949, as amended.

In my message of February 2, 1953, I stated that I would send to the Congress a reorganization plan defining a new administrative status for Federal activities in health, education, and social security. This plan carries out that intention by creating a Department of Health, Education, and Welfare as one of the executive departments of the Government and by transferring to it the various units of the Federal Security Agency. The Department will be headed by a Secretary of Health, Education, and Welfare, who will be assisted by an Under Secretary and two Assistant Secretaries.

The purpose of this plan is to improve the administration of the vital health, education, and social-security functions now being carried on in the Federal Security Agency by giving them departmental rank. Such action is demanded by the importance and magnitude of these functions, which affect the well-being of millions of our citizens. The programs carried on by the Public Health Service include, for example, the conduct and promotion of research into the prevention and cure of such dangerous ailments as cancer and heart disease. The Public Health Service also administers payments to the States for the support of their health services and for urgently needed hospital construction. The Office of Education collects, analyzes, and distributes to school administrators throughout the country information relating to the organization and management of educational systems. Among its other functions is the provision of financial help to school districts burdened by activities of the United States Government. State assistance to the aged, the blind, the totally disabled, and dependent children is heavily supported by grants-in-aid administered through the Social Security Administration. The old-age and survivors insurance system and child development and welfare programs are additional responsibilities of that Administration. Other offices of the Federal Security Agency are responsible for the conduct of Federal vocational rehabilitation programs and for the enforcement of food and drug laws.

There should be an unremitting effort to improve those health, education, and social-security programs which have proved their value. I have already recommended the expansion of the social-security system to cover persons not now protected, the continuation of assistance to school districts whose population has been greatly increased by the expansion of defense activities, and the strengthening of our food and drug laws.

But good intent and high purpose are not enough; all such programs depend for their success upon efficient, responsible administration. I have recently taken ac-

tion to assure that the Federal Security Administrator's views are given proper consideration in executive councils by inviting her to attend meetings of the Cabinet. Now the establishment of the new Department provided for in Reorganization Plan No. 1 of 1953 will give the needed additional assurance that these matters will receive the full consideration they deserve in the whole operation of the Government.

This need has long been recognized. In 1923, President Harding proposed a Department of Education and Welfare, which was also to include health functions. In 1924, the Joint Committee on Reorganization recommended a new department similar to that suggested by President Harding. In 1932, one of President Hoover's reorganization proposals called for the concentration of health, education, and recreational activities in a single executive department. The President's Committee on Administrative Management in 1937 recommended the placing of health, education, and social-security functions in a Department of Social Welfare. This recommendation was partially implemented in 1939 by the creation of the Federal Security Agency—by which action the Congress indicated its approval of the grouping of these functions in a single agency. A new department could not be proposed at that time because the Reorganization Act of 1939 prohibited the creation of additional executive departments. In 1949, the Commission on Organization of the Executive Branch of the Government proposed the creation of a department for social security and education.

The present plan will make it possible to give the officials directing the Department titles indicative of their responsibilities and salaries comparable to those received by their counterparts in other executive departments. As the Under Secretary of an executive department, the Secretary's principal assistant will be better equipped to give leadership in the Department's organization and management activities, for which he will be primarily responsible. The plan opens the way to further administrative improvement by authorizing the Secretary to centralize services and activities common to the several agencies of the Department. It also established a uniform method of appointment for the heads of the three major constituent agencies. At present, the Surgeon General and the Commissioner of Education are appointed by the President and confirmed by the Senate, while the Commissioner for Social Security is appointed by the Federal Security Administrator. Hereafter, all three will be Presidential appointees subject to Senate confirmation.

I believe, and this plan reflects my conviction, that these several fields of Federal activity should continue within the framework of a single department. The plan at the same time assures that the Office of Education and the Public Health Service retain the professional and substantive responsibilities vested by law in those agencies or in their heads. The Surgeon General, the Commissioner of Education, and the Commissioner of Social Security will all have direct access to the Secretary.

There should be in the Department an Advisory Committee on Education, made up of persons chosen by the Secretary from outside the Federal Government, which would advise the Secretary with respect to the educational programs of the Department. I recommend the enactment of legislation authorizing the defrayal of the expenses of this Committee. The creation of such a Committee as an advisory body to the Secretary will help insure the maintenance of responsibility for the public educational system in State and local governments while preserving the national interest in education through appropriate Federal action.

After investigation I have found and hereby declare that each reorganization included in Reorganization Plan No. 1 of 1953 is necessary to accomplish one or more of the purposes set forth in section 2(a) of the Reorganization Act of 1949, as amended. I have also found and hereby declare that by reason of these reorganizations, it is necessary to include in the reorganization plan provisions for the appointment and compensation

of the new officers specified in sections 1, 2, 3, and 4 of the reorganization plan. The rates of compensation fixed for these officers are, respectively, those which I have found to prevail in respect of comparable officers in the executive branch of the Government.

Although the effecting of the reorganizations provided for in the reorganization plan will not in itself result in immediate savings, the improvement achieved in administration will in the future allow the performance of necessary services at greater savings than present operations would permit. An itemization of these savings in advance of actual experience is not practicable.

DWIGHT D. EISENHOWER.

THE WHITE HOUSE, March 12, 1953.

EX. ORD. NO. 11583. OFFICE OF CONSUMER AFFAIRS

Ex. Ord. No. 11583, Feb. 24, 1971, 36 F.R. 3509, as amended by Ex. Ord. No. 11595, May 26, 1971, 36 F.R. 9763; Ex. Ord. No. 12608, Sept. 9, 1987, 52 F.R. 34617, provided:

Consumer protection fosters a market place in which our competitive economic system flourishes best. It is good for businessmen because it gives the consumer greater confidence in the goods and services provided by business. It is good for consumers because it reinforces the concept of buyers' rights:

- the right to make an intelligent choice among products and services;
- the right to accurate information on which to make a free choice;
- the right to expect that the health and safety of the buyer is taken into account by those who seek his patronage;
- the right to register dissatisfaction, and have a complaint heard and weighed, when a buyer's interests are badly served.

The Special Assistant to the President for Consumer Affairs is performing an important role in representing consumer interests in the Federal Government. It is important that the role of the office of the Special Assistant be reinforced by increasing its responsibilities and deemphasizing its importance.

There is need for a consumer office within the Executive Office of the President, which not only advises and represents the President on matters of consumer interest, but also analyzes and coordinates the implementation of all Federal activities in the field of consumer protection, helping to establish priorities and resolve conflicts, and recommending ways in which governmental consumer programs can be made more effective.

NOW, THEREFORE, by virtue of the authority vested in me as President of the United States, it is ordered as follows:

SECTION 1. *Office of Consumer Affairs.* The Office of Consumer Affairs (hereinafter referred to as the "Office") is hereby established in the Executive Office of the President. The Office shall be headed by a Director, who shall be appointed by the President, and there shall be in the Office two Deputy Directors who shall also be appointed by the President. The Deputy Directors shall perform such duties as the Director may designate, and in case of a vacancy in the office of Director or during the absence or incapacity of the Director, the Deputy Directors, in the order designated by the President, shall act as Director. The Director and Deputy Directors shall receive compensation at such rates as the President, consonant with law, may hereafter determine.

SEC. 2. *Powers and duties of the Director.* (a) The Director shall be responsible for the exercise of the powers and the discharge of the duties of the Office, and shall have the authority to direct and supervise all personnel and activities thereof. The Director shall take all actions as may be necessary to organize the Office so as to carry out the functions and to achieve the purposes set forth in this order.

(b) In addition to any other authority conferred upon him by this order, the Director is authorized, in carrying out his functions hereunder, to—

(1) appoint one or more advisory committees composed of such private citizens and officials of the Federal, State, and local governments as he deems desirable to advise him with respect to his functions. Members of such committees (including the Consumer Advisory Council established in section 5 of this order) other than those regularly employed by the Federal Government, while attending meetings of such committees or otherwise serving at the request of the Director, shall be entitled to receive compensation and travel expenses as authorized by law for persons serving intermittently;

(2) promulgate such rules, regulations, and procedures as may be necessary to carry out the functions vested in him or in the Office, and delegate authority for the performance of any function to any officer or employee under his direction and supervision;

(3) utilize, with their consent, the services, personnel, and facilities of other Federal, State, local and private agencies and instrumentalities with or without reimbursement thereof except as reimbursement may be required by law; and

(c) The Director shall report periodically to the President on significant developments affecting the interests of consumers together with such recommendations including legislative recommendations as he deems appropriate.

SEC. 3. *Functions.* (a) The Office shall advise the President as to all matters affecting the interest of consumers.

(b) The Office shall—

(1) with respect to consumer interests in Federal policies and programs, encourage and assist in development and implementation of consumer programs; coordinate and review policies and programs; seek resolution of conflicts; advise and make recommendations to Federal agencies with respect to policy matters, the effectiveness of their programs and operations, and the elimination of duplications;

(2) assure that the interests of consumers are presented and considered in a timely manner by the appropriate levels of the Federal Government in the formulation of policies and in the operation of programs that affect the consumer interest;

(3) conduct investigations, conferences, and surveys concerning the needs, interests and problems of consumers, except that it shall, where feasible, avoid duplicating activities conducted by other Federal agencies;

(4) submit recommendations to the President on how Federal programs and activities affecting consumers can be improved;

(5) take action with respect to consumer complaints to the extent authorized by section 4 of this order;

(6) perform the functions assigned to the President's Committee on Consumer Interests in Executive Order No. 11566 of October 26, 1970;

(e) *Complaint Handling.* Agencies shall establish procedures for systematically logging in, investigating, and responding to consumer complaints, and for integrating analyses of complaints into the development of policy.

1-601. Each agency shall include a separate consumer program exhibit in its yearly budget submission to the Office of Management and Budget. By October 1 of each year the Director of the Office of Management and Budget shall provide the Chairperson with a copy of each of these exhibits. The Chairperson shall thereafter provide OMB with an analysis of the adequacy of the management of, and the funding and staff levels for, particular agency consumer programs.

§ 3531. Congressional declaration of purpose

The Congress hereby declares that the general welfare and security of the Nation and the health and living standards of our people require, as a matter of national purpose, sound development of the Nation's communities and metropolitan areas in which the vast majority of its people live and work.

To carry out such purpose, and in recognition of the increasing importance of housing and urban development in our national life, the Congress finds that establishment of an executive department is desirable to achieve the best administration of the principal programs of the Federal Government which provide assistance for housing and for the development of the Nation's communities; to assist the President in achieving maximum coordination of the various Federal activities which have a major effect upon urban community, suburban, or metropolitan development; to encourage the solution of problems of housing, urban development, and mass transportation through State, county, town, village, or other local and private action,

including promotion of interstate, regional, and metropolitan cooperation; to encourage the maximum contributions that may be made by vigorous private homebuilding and mortgage lending industries to housing, urban development, and the national economy; and to provide for full and appropriate consideration, at the national level, of the needs and interests of the Nation's communities and of the people who live and work in them.

EX. ORD. NO. 11668. NATIONAL CENTER FOR HOUSING MANAGEMENT

Ex. Ord. No. 11668, Apr. 21, 1972, 37 F.R. 8057, provided: By virtue of the authority vested in me as President of the United States and in accordance with the provisions of the Department of Housing and Urban Development Act, as amended (42 U.S.C. 3531 et seq.), title VIII of the Housing Act of 1964, as amended (20 U.S.C. 801 et seq.), and title V of the Housing and Urban Development Act of 1970 (12 U.S.C. 1701z-1 et seq.), it is ordered as follows:

SECTION 1. *Policy.* The Nation's housing stock represents an important national resource which must be preserved and well managed if public and private investments are to be protected, and if we are to meet our goal of providing a decent home and suitable living environment for low and moderate income residents. The production of Federally-assisted housing has greatly expanded in recent years, creating a need for a balanced strategy to ensure that such housing remains viable for the purposes intended.

This expansion also creates a need for a growing supply of new management manpower for the years ahead. Special skills must be developed among these managers so that they can effectively overcome the social and economic problems facing many residents of Federally-assisted housing, including the elderly. Training, the

improvement of career opportunities, and the upgrading of industry standards are all essential to the improvement of the Nation's housing management capability, particularly for low and moderate income housing.

SEC. 2. Establishment of a National Center for Housing Management. (a) The Secretary of Housing and Urban Development is directed to call upon public-spirited citizens, dedicated and experienced in the appropriate disciplines, to create, in accordance with existing laws, a new, non-governmental, not-for-profit institution to serve as a National Center for Housing Management (referred to herein as the Center).

(b) The Center should be designed to provide objective and independent leadership at the national level in helping meet the Nation's housing management and training needs and should work cooperatively with the Department of Housing and Urban Development and with the public and private organizations and institutions involved in, or affected by, its activities.

SEC. 3. Activities of the Center. The activities of the Center should be developed along lines that include the following objectives:

(1) Development of training and educational programs for housing management and personnel;

(2) Cooperation with public and private national, State, and local organizations and institutions in extending housing management training and educational opportunities, using to the fullest extent possible the services and facilities of existing agencies with expertise in training and education.

(3) Cooperation with national, State, and local organizations and institutions in establishing or expanding recruitment and placement systems that will link training in housing management to job opportunities in that field.

(4) Development of improved housing management practices and assistance in professionalizing the housing management industry; and

(5) Stimulating the creation of new management entities, and strengthening the effectiveness of existing management entities.

SEC. 4. Assistance by Federal Agencies. To the extent consistent with law, all other Federal executive departments and agencies shall cooperate and work with the Department of Housing and Urban Development and the Center in providing appropriate advice and financial support so as to ensure that the above described objectives are carried out with the most effective and efficient use of Federal, State and local resources, both public and private.

RICHARD NIXON.

(c) Denial or limitation of benefits of departmental programs, functions, or activities on basis of population or corporate status of community

Nothing in this chapter shall be construed to deny or limit the benefits of any program, function, or activity assigned to the Department by this chapter or any other Act to any community on the basis of its population or corporate status, except as may be expressly provided by law.

§ 3537a. Prohibition of advance disclosure of funding decisions

(a) Prohibited actions

During any selection process, no officer or employee of the Department of Housing and Urban Development shall knowingly disclose any covered selection information regarding such selection, directly or indirectly, to any person other than a person authorized by the Secretary to receive such information.

(b) Administrative remedies

If the Secretary receives or obtains information providing a reasonable basis to believe that a violation of subsection (a) of this section has occurred, the Secretary shall—

- (1) in the case of a selection that has not been made, determine whether to terminate the selection process or take other appropriate actions; and
- (2) in the case of a selection that has been made, determine whether to—
 - (A) void or rescind the selection, subject to review and determination on the record after opportunity for a hearing;
 - (B) impose sanctions upon the violating applicant selected, subject to review and determination on the record after opportunity for a hearing;
 - (C) permit the violating applicant selected to continue to participate in the program; or
 - (D) take any other actions that the Secretary considers appropriate.

(c) Civil money penalties

(1) In general

Whenever any employee of the Department knowingly and materially violates the prohibition in subsection (a) of this section, the Secretary may impose a civil money penalty on the employee in accordance with the provisions of this subsection. This penalty shall be in addition to any other available civil remedy or any available criminal penalty and may be imposed whether or not the Secretary takes other disciplinary actions.

(2) Amount

The amount of the penalty, as determined by the Secretary, may not exceed \$10,000 for each violation.

(3) Agency procedures

(A) Establishment

The Secretary shall establish standards and procedures governing the imposition of civil money penalties under this subsection. The standards and procedures—

- (i) shall provide for the Secretary or other official of the Department to make the determination to impose a penalty or to use an administrative entity to make the determination;
- (ii) shall provide for the imposition of a penalty only after the employee has been given an opportunity for a hearing on the record; and
- (iii) may provide for review of any determination or order, or interlocutory ruling, arising from a hearing.

(B) Final orders

If no hearing is requested within 15 days of receipt of the notice of opportunity for hearing, the imposition of the penalty shall constitute a final and unappealable order. If the Secretary reviews the determination or order, the Secretary may affirm, modify, or reverse that determination or order. If the Secretary does not review the determination or order within 90 days of the issuance of the determination or order, the determination or order shall be final.

(C) Factors in determining amount of penalty

In determining the amount of a penalty under paragraph (2), consideration shall be given to such factors as the gravity of the offense, any history of prior disclosures of information on pending funding decisions made after December 15, 1989, ability to pay the penalty, injury to the public, benefits received, deterrence of future violations, and such other factors as the Secretary may determine in regulations to be appropriate.

(D) Reviewability of imposition of a penalty

The Secretary's determination or order imposing a penalty under paragraph (1) shall not be subject to review, except as provided in paragraph (4).

paragraph (3)(A), an employee against whom the Secretary has imposed a civil money penalty under paragraph (1) may obtain a review of the penalty and such ancillary issues (such as any administrative sanctions under 24 C.F.R. part 25) as may be addressed in the notice of determination to impose a penalty under paragraph (3)(A)(i) in the appropriate court of appeals of the United States, by filing in such court, within 20 days after the entry of such order or determination, a written petition praying that the Secretary's order or determination be modified or be set aside in whole or in part.

(B) Objections not raised in hearing

The court shall not consider any objection that was not raised in the hearing conducted pursuant to paragraph (3)(A) unless a demonstration is made of extraordinary circumstances causing the failure to raise the objection. If any party demonstrates to the satisfaction of the court that additional evidence not presented at such hearing is material and that there were reasonable grounds for the failure to present such evidence at the hearing, the court shall remand the matter to the Secretary for consideration of such additional evidence.

(C) Scope of review

The decisions, findings, and determinations of the Secretary shall be reviewed pursuant to section 706 of title 5.

(D) Order to pay penalty

Notwithstanding any other provision of law, in any such review, the court shall have the power to order payment of the penalty imposed by the Secretary.

(5) Action to collect penalty

If any employee fails to comply with the Secretary's determination or order imposing a civil money penalty under paragraph (1), after the determination or order is no longer subject to review as provided by paragraphs (3)(A) and (4), the Secretary may request the Attorney General of the United States to bring an action in an appropriate United States district court to obtain a monetary judgment against the employee and such other relief as may be available. The monetary judgment may, in the court's discretion, include the attorneys' fees and other expenses incurred by the United States in connection with the action. In an action under this subsection, the validity and appropriateness of the Secretary's determination or order imposing the penalty shall not be subject to review.

(6) Settlement by Secretary

The Secretary may compromise, modify, or remit any civil money penalty which may be, or has been, imposed under this subsection.

(7) Deposit of penalties

The Secretary shall deposit all civil money penalties collected under this subsection into miscellaneous receipts of the Treasury.

(d) Criminal penalties

Whoever willfully violates subsection (a) of this section by making a disclosure prohibited

§ 3540. Repealed. Pub. L. 100-242, title IV, § 420, Feb. 5, 1988, 101 Stat. 1913

Section, Pub. L. 95-128, title IX, § 904, Oct. 12, 1977, 91 Stat. 1149, required annual publication of prototype housing costs for one- to four-family dwelling units.

§ 3541. Paperwork reduction

(a) Declaration of policy

The Congress finds and declares—

(1) that various departments, agencies, and instrumentalities of the Federal Government with responsibilities involving housing and housing finance programs, require, approve, use or otherwise employ a variety of different forms as residential mortgages (or deeds of trust or similar security instruments) as notes secured by those mortgages, and for applications, appraisals and other purposes, and that such duplication of forms constitutes a paperwork burden that adds to the costs imposed on the Nation's homeowners and home buyers;

(2) that unnecessary paperwork impairs the effectiveness of Federal housing and housing finance programs;

(3) that both single-family and multi-family programs are affected; and

(4) that simplification of paperwork imposed by Federal housing and housing finance programs would contribute to achieving the Nation's housing goals by reducing housing costs.

(b) Uniform legal and other forms for use by agencies in housing programs

(1) Not later than October 1, 1980, the Secretary of Housing and Urban Development, the Secretary of Agriculture, and the Secretary of Veterans Affairs shall, consistent with provisions of law governing the conduct of housing programs, employ in their respective programs—

(A) uniform single-family and multi-family note and mortgage forms;

(B) a uniform application form for mortgage approval and commitment for mortgage insurance;

(C) a uniform form for computation of the monthly net effective income of applicants;

(D) a uniform property appraisal form;

(E) a uniform settlement statement which shall satisfy the requirements of the Real Estate Settlement Procedures Act of 1974 [12 U.S.C. 2601 et seq.]; and

(F) such other consolidated or simplified forms, particularly those which solicit identical or nearly identical information from the same persons in the conduct of two or more such programs, the consolidation or simplification of which the Secretaries of Housing and Urban Development and Agriculture and the Secretary of Veterans Affairs mutually agree would contribute to a reduction in the paperwork and regulatory burden of such programs.

(2) The Secretary of Housing and Urban Development, the Secretary of Agriculture, and the Secretary of Veterans Affairs shall, consistent with provisions of law governing their respective programs, provide by regulation for the elimination of forms which solicit information which is already available from other available sources through indexing or other means of identifying such forms.

(3) Each agency referred to in subsection (b) of this section may employ riders, addenda, or similar forms of modification agreements to adapt such uniform forms to its respective programs and policies, consistent with the goals of minimizing the use and extent of such modification agreements and maximizing the suitability of such forms for the use of all participants, public and private.

(c) Coordination and reports by Director of Office of Management and Budget

The Director of the Office of Management and Budget shall coordinate and monitor the development and implementation by Federal departments and agencies of the efforts required by subsection (b) of this section and shall report to the Congress on such development and implementation and with respect to any provisions of law which unnecessarily prevent such departments and agencies from carrying out the provisions of this section as part of each report required under Public Law 93-556. Such report shall include an estimate of the reduction of the level of paperwork burden hours of the affected agencies as allocated by the Office of Management and Budget.

(Pub. L. 95-557, title IX, § 905, Oct. 31, 1978, 92 Stat. 2126; Pub. L. 96-153, title III, § 328, Dec. 21, 1979, 93 Stat. 1121; Pub. L. 98-479, title II, § 204(n)(4), Oct. 17, 1984, 98 Stat. 2234; Pub. L. 102-54, § 13(q)(10), June 13, 1991, 105 Stat. 281.)

(1)(F), added par. (2), redesignated former par. (2) as (3), and struck out former par. Such description shall be designed to help eligible applicants to apply for such assistance.

(3) Publication of selection criteria

the assistance will be made. Subject to section 1439 of this title, such criteria shall include any objective measures of housing need, project merit, or efficient use of resources that the Secretary determines are appropriate and consistent with the statute under which the assistance is made available.

(4) Documentation of decisions

(A) The Secretary shall award or allocate assistance only in response to a written application in a form approved in advance by the Secretary, except where other award or allocation procedures are specified in statute.

(B) The Secretary shall ensure that documentation and other information regarding each application for assistance is sufficient to indicate the basis on which any award or allocation was made or denied. The preceding sentence shall apply to—

(i) any application for an award or allocation of assistance made by the Secretary to a State, unit of general local government, or other recipient of assistance, and

(ii) any application for a subsequent award or allocation of such assistance by such State, unit of general local government or other recipient.

Such information shall include the following:

(2) Amount of penalty

The amount of the penalty, as determined by the Secretary, may not exceed \$10,000 for each violation.

(g) Agency procedures

(B) shall provide for the imposition of a penalty only after the person has been given an opportunity for a hearing on the record; and

(C) may provide for review by the Secretary of any determination or order, or interlocutory ruling, arising from a hearing.

If no hearing is requested within 15 days of receipt of the notice of opportunity for hearing, the imposition of the penalty shall constitute a final and unappealable determination. If the Secretary reviews the determination or order, the Secretary may affirm, modify, or reverse that determination or order. If the Secretary does not review the determination or order, the determination or order shall be final.

(2) Factors in determining amount of penalty

In determining the amount of a penalty under subsection (f) of this section, consideration shall be given to such factors as the gravity of the offense, ability to pay the penalty, injury to the public, benefits received, deterrence of future violations, and such other factors as the Secretary may determine in regulations to be appropriate.

(3) Reviewability of imposition of a penalty

The Secretary's determination or order imposing a penalty under subsection (f) of this section shall not be subject to review, except as provided in subsection (h) of this section.

(h) Judicial review of agency determination

(1) In general

After exhausting all administrative remedies established by the Secretary under subsection (g)(1) of this section, a person against whom the Secretary has imposed a civil money penalty under subsection (f) of this section may obtain a review of the penalty and such ancillary issues as may be addressed in the notice of determination to impose a penalty under subsection (g)(1)(A) of this section in the appropriate court of appeals of the United States, by filing in such court, within 20 days after the entry of such order or determination, a written petition praying that the order or determination of the Secretary be modified or be set aside in whole or in part.

(2) Objections not raised in hearing

The court shall not consider any objection that was not raised in the hearing conducted pursuant to subsection (g)(1) of this section unless a demonstration is made of extraordinary circumstances causing the failure to raise the objection. If any party demonstrates to the satisfaction of the court that additional evidence not presented at the hearing is material and that there were reasonable grounds for the failure to present such evidence at the hearing, the court shall remand the matter to the Secretary for consideration of such additional evidence.

(3) Scope of review

The decisions, findings, and determinations of the Secretary shall be reviewed pursuant to section 706 of title 5.

(4) Order to pay penalty

Notwithstanding any other provision of law, in any such review, the court shall have the power to order payment of the penalty imposed by the Secretary.

(i) Action to collect penalty

If any person fails to comply with the determination or order of the Secretary imposing a civil money penalty under subsection (f) of this section, after the determination or order is no longer subject to review as provided by subsections (g)(1) and (h) of this section, the Secretary may request the Attorney General of the United States to bring an action in an appropriate United States district court to obtain a monetary judgment against the person and such other relief as may be available. The monetary judgment may, in the court's discretion, include the attorneys' fees and other expenses incurred by the United States in connection with the action. In an action under this subsection, the validity and appropriateness of the Secretary's determination or order imposing the penalty shall not be subject to review.

(j) Settlement by Secretary

The Secretary may compromise, modify, or remit any civil money penalty which may be, or has been, imposed under this section.

(k) Regulations

The Secretary shall issue such regulations as the Secretary deems appropriate to implement this section.

The Secretary's approval of any such certification shall be deemed to satisfy the Secretary's responsibilities under the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.] and such other provisions of law as the regulations of the Secretary specify insofar as those responsibilities relate to the releases of funds for special projects to be carried out pursuant thereto which are covered by such certification.

- (D) specify that the certifying officer—
 - (i) consents to assume the status of a responsible Federal official under the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.] and each provision of law specified in regulations issued by the Secretary insofar as the provisions of such Act or other such provision of law apply pursuant to paragraph (1); and
 - (ii) is authorized and consents on behalf of the State or unit of general local government and himself or herself to accept the jurisdiction of the Federal courts for the purpose of enforcement of the responsibilities as such an official.

(4) Approval by States

In cases in which a unit of general local government carries out the responsibilities described in paragraph (1), the Secretary may permit the State to perform those actions of the Secretary described in paragraph (2) and the performance of such actions by the State, where permitted by the Secretary, shall be deemed to satisfy the Secretary's responsibilities referred to in the second sentence of paragraph (2).

As made applicable by section 3603 of this title and except as exempted by sections 3603(b) and 3607 of this title, it shall be unlawful—

(a) To refuse to sell or rent after the making of a bona fide offer, or to refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny, a dwelling to any person because of race, color, religion, sex, familial status, or national origin.

(b) To discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection therewith, because of race, color, religion, sex, familial status, or national origin.

(c) To make, print, or publish, or cause to be made, printed, or published any notice, statement, or advertisement, with respect to the sale or rental of a dwelling that indicates any preference, limitation, or discrimination based on race, color, religion, sex, handicap, familial status, or national origin, or an intention to make any such preference, limitation, or discrimination.

(d) To represent to any person because of race, color, religion, sex, handicap, familial status, or national origin that any dwelling is not available for inspection, sale, or rental when such dwelling is in fact so available.

(e) For profit, to induce or attempt to induce any person to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, religion, sex, handicap, familial status, or national origin.

(f)(1) To discriminate in the sale or rental, or to otherwise make unavailable or deny, a dwelling to any buyer or renter because of a handicap of—

(A) that buyer or renter,¹

(B) a person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or

(C) any person associated with that buyer or renter.

¹ So in original. The comma probably should be a semicolon.

(2) To discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection with such dwelling, because of a handicap of—

(A) that person; or

(B) a person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or

(C) any person associated with that person.

(3) For purposes of this subsection, discrimination includes—

(A) a refusal to permit, at the expense of the handicapped person, reasonable modifications of existing premises occupied or to be occupied by such person if such modifications may be necessary to afford such person full enjoyment of the premises except that, in the case of a rental, the landlord may where it is reasonable to do so condition permission for a modification on the renter agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted.²

(B) a refusal to make reasonable accommodations in rules, policies, practices, or services, when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling; or

(C) in connection with the design and construction of covered multifamily dwellings for first occupancy after the date that is 30 months after September 13, 1988, a failure to design and construct those dwellings in such a manner that—

(i) the public use and common use portions of such dwellings are readily accessible to and usable by handicapped persons;

(ii) all the doors designed to allow passage into and within all premises within such dwellings are sufficiently wide to allow passage by handicapped persons in wheelchairs; and

(iii) all premises within such dwellings contain the following features of adaptive design:

(I) an accessible route into and through the dwelling;

(II) light switches, electrical outlets, thermostats, and other environmental controls in accessible locations;

(III) reinforcements in bathroom walls to allow later installation of grab bars; and

(IV) usable kitchens and bathrooms such that an individual in a wheelchair can maneuver about the space.

(4) Compliance with the appropriate requirements of the American National Standard for buildings and facilities providing accessibility and usability for physically handicapped people (commonly cited as “ANSI A117.1”) suffices to satisfy the requirements of paragraph (3)(C)(iii).

(5)(A) If a State or unit of general local government has incorporated into its laws the requirements set forth in paragraph (3)(C), compliance with such laws shall be deemed to satisfy the requirements of that paragraph.

(B) A State or unit of general local government may review and approve newly con-

structed covered multifamily dwellings for the purpose of making determinations as to whether the design and construction requirements of paragraph (3)(C) are met.

(C) The Secretary shall encourage, but may not require, States and units of local government to include in their existing procedures for the review and approval of newly constructed covered multifamily dwellings, determinations as to whether the design and construction of such dwellings are consistent with paragraph (3)(C), and shall provide technical assistance to States and units of local government and other persons to implement the requirements of paragraph (3)(C).

(D) Nothing in this subchapter shall be construed to require the Secretary to review or approve the plans, designs or construction of all covered multifamily dwellings, to determine whether the design and construction of such dwellings are consistent with the requirements of paragraph 3(C).

(6)(A) Nothing in paragraph (5) shall be construed to affect the authority and responsibility of the Secretary or a State or local public agency certified pursuant to section 3610(f)(3) of this title to receive and process complaints or otherwise engage in enforcement activities under this subchapter.

(B) Determinations by a State or a unit of general local government under paragraphs (5)(A) and (B) shall not be conclusive in enforcement proceedings under this subchapter.

(7) As used in this subsection, the term “covered multifamily dwellings” means—

(A) buildings consisting of 4 or more units if such buildings have one or more elevators; and

(B) ground floor units in other buildings consisting of 4 or more units.

(8) Nothing in this subchapter shall be construed to invalidate or limit any law of a State or political subdivision of a State, or other jurisdiction in which this subchapter shall be effective, that requires dwellings to be designed and constructed in a manner that affords handicapped persons greater access than is required by this subchapter.

(9) Nothing in this subsection requires that a dwelling be made available to an individual whose tenancy would constitute a direct threat to the health or safety of other individuals or whose tenancy would result in substantial physical damage to the property of others.

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in accordance with the Fair Housing Act, as amended (42 U.S.C. 3601 et seq.) (“Act”), in order to affirmatively further fair housing in all Federal programs and activities relating to housing and urban development throughout the United States, it is hereby ordered as follows:

SECTION 1. Administration of Programs and Activities Relating to Housing and Urban Development.

1-101. Section 808(d) of the Act, as amended [42 U.S.C. 3608(d)], provides that all executive departments and agencies shall administer their programs and activities relating to housing and urban development (including any Federal agency having regulatory or supervisory authority over financial institutions) in a manner affirmatively to further the purposes of the Act and shall cooperate with the Secretary of Housing and Urban Development to further such purposes.

1-102. As used in this order, the phrase “programs and activities” shall include programs and activities operated, administered, or undertaken by the Federal Government; grants; loans; contracts; insurance; guarantees; and Federal supervision or exercise of regulatory responsibility (including regulatory or supervisory authority over financial institutions).

In connection with carrying out functions under this order, the Secretary of Housing and Urban Development is authorized to request from any executive agency such information and assistance as the Secretary deems necessary. (b) coordinate executive agency implementation of the requirements of this order and issue standards and procedures regarding:

(1) the administration of programs and activities relating to housing and urban development in a manner affirmatively to further fair housing; and

(2) the cooperation of executive agencies in furtherance of the Secretary of Housing and Urban Development's authority and responsibility under the Act.

4-402. Within 180 days of the publication of final regulations by the Secretary of Housing and Urban Development under section 4-401 of this order, the head of each

executive agency shall publish proposed regulations providing for the administration of programs and activities relating to housing and urban development in a manner affirmatively to further fair housing, consistent with the Secretary of Housing and Urban Development's regulations, and with the standards and procedures issued pursuant to section 4-401(b) of this order. As soon as practicable thereafter, each executive agency shall issue its final regulations. All executive agencies shall formally submit all such proposed and final regulations, and any related issuances or standards, to the Secretary of Housing and Urban Development at least 30 days prior to public announcement.

4-403. SEC. 5. *Administrative Enforcement.*

5-501. The head of each executive agency shall be responsible for enforcement of this order and, unless prohibited by law, shall cooperate and provide records, data, and documentation in connection with any other agency's investigation of compliance with provisions of this order.

5-502. If any executive agency concludes that any person or entity (including any State or local public agency) applying for or participating in, or supervised or regulated under, a program or activity relating to housing and urban development has not complied with this order or any applicable rule, regulation, or procedure issued or adopted pursuant to this order, it shall endeavor to end and remedy such violation by informal means, including conference, conciliation, and persuasion. An executive agency need not pursue informal resolution of matters where similar efforts made by another executive agency have been unsuccessful, except where otherwise required by law. In the event of failure of such informal means, the executive agency, in conformity with rules, regulations, procedures, or policies issued or adopted by it pursuant to section 4 of this order hereof, shall impose such sanctions as may be authorized by law. To the extent authorized by law, such sanctions may include:

(a) cancellation or termination of agreements or contracts with such person, entity, or any State or local public agency;

(d) any other action as may be appropriate under law.

5-503. Findings of any violation under section 5-502 of this order shall be promptly reported by the head of each executive agency to the Secretary of Housing and Urban Development and the Attorney General. The Secretary of Housing and Urban Development shall forward this information to all other executive agencies.

5-504. Any executive agency shall also consider invoking appropriate sanctions against any person or entity where any other executive department or agency has initiated action against that person or entity pursuant to section 5-502 of this order, where the Secretary of Housing and Urban Development has issued a charge against such person or entity that has not been re-

solved, or where the Attorney General has filed a civil action in Federal Court against such person or entity.

5-605. Each executive agency shall consult with the Secretary of Housing and Urban Development, and the Attorney General where a civil action in Federal Court has been filed, regarding agency actions to invoke sanctions under the Act. The Department of Housing and Urban Development, the Department of Justice, and Federal banking agencies shall develop and coordinate appropriate policies and procedures for taking action under their respective authorities. Each decision to invoke sanctions and the reasons therefor shall be documented and shall be provided to the Secretary of Housing and Urban Development and, where appropriate, to the Attorney General in a timely manner.

(b) Sections 101 and 502(a) of Executive Order No. 11063 are revised to apply to discrimination because of "race, color, religion (creed), sex, disability, familial status or national origin." WILLIAM J. CLINTON.

FEDERAL LEADERSHIP OF FAIR HOUSING

Memorandum of President of the United States, Jan. 17, 1994, 59 F.R. 8513, provided:

Memorandum for the Heads of Executive Departments and Agencies

On April 11, 1968, one week after the assassination of the great civil rights leader Martin Luther King, Jr., the Fair Housing Act [42 U.S.C. 3601 *et seq.*] was enacted (1) to prohibit discrimination in housing, and (2) to direct the Secretary of Housing and Urban Development to affirmatively further fair housing in Federal housing and urban development programs. Twenty-five years later, despite a strengthening of the Fair Housing Act 5 years ago, hundreds of acts of housing discrimination occur in our Nation each day.

Americans of every income level, seeking to live where they choose, feel the weight of discrimination because of the color of their skin, their race, their religion, their gender, their country of origin, or because they are disabled or have children.

An increasing body of evidence indicates that barriers to fair housing are pervasive. Forty percent of all families move every 5 years. This statistic is significant given the results of a recent study, commissioned by the Department of Housing and Urban Development (HUD), which found that more than half of the African Americans and Latinos seeking to rent or buy a home are treated differently than whites with the same qualifications. Moreover, based upon Home Mortgage Disclosure Act [12 U.S.C. 2801 *et seq.*] data, the number of minority persons who are rejected when attempting to obtain loans to purchase homes is two to three times higher than it is for nonminorities in almost every metropolitan area of this country.

Racial and ethnic segregation, both in the private housing market and in public and assisted housing, has been well documented. Despite legislation (the Fair Housing Act) and Executive action (Executive Order No. 11063 [42 U.S.C. 1982 note]), the divisive impact of housing segregation persists in metropolitan areas all across this country. Too many lower income and minority Americans face barriers to housing outside of central cities. Segregation in housing and schools deprives too many of our children and youth of an opportunity to enter the marketplace or work on an equal footing. For too many families, our cities are no longer the launching pads for economic self-sufficiency and upward mobility that they have been for countless immigrants and minorities since the country's birth. And many Americans who are better off abandon the cities.

The resulting decline in the very heart of too many of our metropolitan areas threatens all of us: the health of our dynamic regional economies—the very lifeblood of future national economic growth and higher living standards for all of us and all of our children—is placed at risk.

We can do better. We can start by making sure that our own Federal policies and programs across all of our agencies support the fair housing and equal opportunity goals to which all Americans are committed. If all of our executive agencies affirmatively further fair housing in the design of their policies and administration of their programs relating to housing and urban development, a truly nondiscriminatory housing market will be closer to achievement.

By an Executive Order [Ex. Ord. No. 12892, set out above] ("the Order") I am issuing today and this memorandum, I am addressing those needs. The Secretary of Housing and Urban Development and, where appropriate, the Attorney General—the officials with the primary responsibility for the enforcement of Federal fair housing laws—will take the lead in developing and coordinating measures to carry out the purposes of this Order.

Through this Order, I am first expanding Executive Order No. 11063 to provide protection against discrimination in programs of Federal insurance or guaranty to persons who are disabled and to families with children.

Second, I am revoking the old Executive Order No. 12259 entitled "Leadership and Coordination of Fair Housing in Federal Programs." The new Executive order reflects the expanded authority of the Secretary of Housing and Urban Development and I am directing

him to take stronger measures to provide leadership and coordination in affirmatively furthering fair housing in Federal programs.

Third, I ask the heads of departments and agencies, including the Federal banking agencies, to cooperate with the Secretary of Housing and Urban Development in identifying ways to structure agency programs and activities to affirmatively further fair housing and to promptly negotiate memoranda of understanding with him to accomplish that goal.

Further, I direct the Secretary of Housing and Urban Development to review all of HUD's programs to assure that they truly provide equal opportunity and promote economic self-sufficiency for those who are beneficiaries and recipients of those programs.

I also direct the Secretary to review HUD's programs to assure that they contain the maximum incentives to affirmatively further fair housing and to eliminate barriers to free choice where they continue to exist. This review shall include Federally assisted housing, Federally insured housing and other housing and housing related programs, including those of the Government National Mortgage Association and the Federal Housing Administration.

Today, I am establishing a new Cabinet-level organization to focus the cooperative efforts of all agencies on fair housing. The President's Fair Housing Council will be chaired by the Secretary of Housing and Urban Development and will consist of the Secretary of Health and Human Services, the Secretary of Transportation, the Secretary of Education, the Secretary of Labor, the Secretary of Defense, the Secretary of Agriculture, the Secretary of Veterans Affairs, the Secretary of the Treasury, the Attorney General, the Secretary of the Interior, the Chair of the Federal Reserve, the Comptroller of the Currency, the Director of the Office of Thrift Supervision, and the Chair of the Federal Deposit Insurance Corporation.

The President's Fair Housing Council shall review the design and delivery of Federal programs and activities to ensure that they support a coordinated strategy to affirmatively further fair housing. The Council shall propose revisions to existing programs or activities, develop pilot programs and activities, and propose new programs and activities to achieve its goals.

I direct the Secretary of Housing and Urban Development and the President's Fair Housing Council to develop a pilot program to be implemented in selected metropolitan areas. This initiative will promote fair housing choice by helping inner-city families to move to suburban neighborhoods and by making the central city more attractive to those who have left it. I direct the members of the Council to undertake a demonstration program that will reinvent the way assisted housing is offered to applicants, will break down jurisdictional barriers in housing opportunities, and will promote the use of subsidies that diminish residential segregation, and will combine these initiatives with refined educational incentives aimed at improving the effectiveness of inner-city schools. I am directing that transportation alternatives be considered along with targeted social service and job training programs as part of the support necessary to create a one-stop, metropolitan area-wide fair housing opportunity pilot program that will effectively offer Federally assisted housing, Federally insured housing, and private market housing within a metropolitan area to all residents of the area. The pilot program should call upon realtors, mortgage lenders, housing providers, and local governments, among others, to assist in expanding housing choices.

To address the findings of recent studies, I hereby direct the Secretary of Housing and Urban Development and the Attorney General and, where appropriate, the heads of the Federal banking agencies to exercise national leadership to end discrimination in mortgage lending, the secondary mortgage market, and property insurance practices. The Secretary is directed to issue regulations to define discriminatory practices in these areas and the Secretary and the Attorney General are

directed to aggressively enforce the laws prohibiting these practices.

In each of these areas, I direct the Secretary of Housing and Urban Development to take the lead with the other Federal agencies in working to gain the voluntary cooperation, participation, and expertise of all of those in private industry, the States and localities who can assist in achieving the Nation's fair housing goals.

The Secretary of Housing and Urban Development is authorized and directed to publish this memorandum in the Federal Register.

WILLIAM J. CLINTON.

§ 3610. Administrative enforcement; preliminary matters

(a) Complaints and answers

(1)(A)(i) An aggrieved person may, not later than one year after an alleged discriminatory housing practice has occurred or terminated, file a complaint with the Secretary alleging such discriminatory housing practice. The Secretary, on the Secretary's own initiative, may also file such a complaint.

(ii) Such complaints shall be in writing and shall contain such information and be in such form as the Secretary requires.

(iii) The Secretary may also investigate housing practices to determine whether a complaint should be brought under this section.

(B) Upon the filing of such a complaint—

(i) the Secretary shall serve notice upon the aggrieved person acknowledging such filing and advising the aggrieved person of the time limits and choice of forums provided under this subchapter;

(ii) the Secretary shall, not later than 10 days after such filing or the identification of an additional respondent under paragraph (2), serve on the respondent a notice identifying the alleged discriminatory housing practice and advising such respondent of the procedural rights and obligations of respondents under this subchapter, together with a copy of the original complaint;

(iii) each respondent may file, not later than 10 days after receipt of notice from the Secretary, an answer to such complaint; and

(iv) the Secretary shall make an investigation of the alleged discriminatory housing practice and complete such investigation within 100 days after the filing of the complaint (or, when the Secretary takes further action under subsection (f)(2) of this section with respect to a complaint, within 100 days

after the commencement of such further action), unless it is impracticable to do so.

(C) If the Secretary is unable to complete the investigation within 100 days after the filing of the complaint (or, when the Secretary takes further action under subsection (f)(2) of this section with respect to a complaint, within 100 days after the commencement of such further action), the Secretary shall notify the complainant and respondent in writing of the reasons for not doing so.

(D) Complaints and answers shall be under oath or affirmation, and may be reasonably and fairly amended at any time.

(2)(A) A person who is not named as a respondent in a complaint, but who is identified as a respondent in the course of investigation, may be joined as an additional or substitute respondent upon written notice, under paragraph (1), to such person, from the Secretary.

(B) Such notice, in addition to meeting the requirements of paragraph (1), shall explain the basis for the Secretary's belief that the person to whom the notice is addressed is properly joined as a respondent.

(b) Investigative report and conciliation

(1) During the period beginning with the filing of such complaint and ending with the filing of a charge or a dismissal by the Secretary, the Secretary shall, to the extent feasible, engage in conciliation with respect to such complaint.

(2) A conciliation agreement arising out of such conciliation shall be an agreement between the respondent and the complainant, and shall be subject to approval by the Secretary.

(3) A conciliation agreement may provide for binding arbitration of the dispute arising from the complaint. Any such arbitration that results from a conciliation agreement may award appropriate relief, including monetary relief.

(4) Each conciliation agreement shall be made public unless the complainant and respondent otherwise agree and the Secretary determines that disclosure is not required to further the purposes of this subchapter.

(5)(A) At the end of each investigation under this section, the Secretary shall prepare a final investigative report containing—

(i) the names and dates of contacts with witnesses;

(ii) a summary and the dates of correspondence and other contacts with the aggrieved person and the respondent;

(iii) a summary description of other pertinent records;

(iv) a summary of witness statements; and

(v) answers to interrogatories.

(B) A final report under this paragraph may be amended if additional evidence is later discovered.

(c) Failure to comply with conciliation agreement

Whenever the Secretary has reasonable cause to believe that a respondent has breached a conciliation agreement, the Secretary shall refer the matter to the Attorney General with a recommendation that a civil action be filed under section 3614 of this title for the enforcement of such agreement.

(d) Prohibitions and requirements with respect to disclosure of information

(1) Nothing said or done in the course of conciliation under this subchapter may be made public or used as evidence in a subsequent proceeding under this subchapter without the written consent of the persons concerned.

(2) Notwithstanding paragraph (1), the Secretary shall make available to the aggrieved person and the respondent, at any time, upon request following completion of the Secretary's investigation, information derived from an investigation and any final investigative report relating to that investigation.

(e) Prompt judicial action

(1) If the Secretary concludes at any time following the filing of a complaint that prompt judicial action is necessary to carry out the purposes of this subchapter, the Secretary may authorize a civil action for appropriate temporary or preliminary relief pending final disposition of the complaint under this section. Upon receipt of such an authorization, the Attorney General shall promptly commence and maintain such an action. Any temporary restraining order or other order granting preliminary or temporary relief shall be issued in accordance with the Federal Rules of Civil Procedure. The commencement of a civil action under this subsection does not affect the initiation or continuation of administrative proceedings under this section and section 3612 of this title.

(2) Whenever the Secretary has reason to believe that a basis may exist for the commencement of proceedings against any respondent under sections 3614(a) and 3614(c) of this title or for proceedings by any governmental licensing or supervisory authorities, the Secretary shall transmit the information upon which such belief is based to the Attorney General, or to such authorities, as the case may be.

(f) Referral for State or local proceedings

(1) Whenever a complaint alleges a discriminatory housing practice—

(A) within the jurisdiction of a State or local public agency; and

(B) as to which such agency has been certified by the Secretary under this subsection;

the Secretary shall refer such complaint to that certified agency before taking any action with respect to such complaint.

(2) Except with the consent of such certified agency, the Secretary, after that referral is made, shall take no further action with respect to such complaint unless—

(A) the certified agency has failed to commence proceedings with respect to the complaint before the end of the 30th day after the date of such referral;

(B) the certified agency, having so commenced such proceedings, fails to carry forward such proceedings with reasonable promptness; or

(C) the Secretary determines that the certified agency no longer qualifies for certification under this subsection with respect to the relevant jurisdiction.

(3)(A) The Secretary may certify an agency under this subsection only if the Secretary determines that—

(i) the substantive rights protected by such agency in the jurisdiction with respect to which certification is to be made;

(ii) the procedures followed by such agency;

(iii) the remedies available to such agency; and

(iv) the availability of judicial review of such agency's action;

are substantially equivalent to those created by and under this subchapter.

(B) Before making such certification, the Secretary shall take into account the current practices and past performance, if any, of such agency.

(4) During the period which begins on September 13, 1988, and ends 40 months after September 13, 1988, each agency certified (including an agency certified for interim referrals pursuant to 24 CFR 115.11, unless such agency is subsequently denied recognition under 24 CFR 115.7) for the purposes of this subchapter on the day before September 13, 1988, shall for the purposes of this subsection be considered certified under this subsection with respect to those matters for which such agency was certified on September 13, 1988. If the Secretary determines in an individual case that an agency has not been able to meet the certification requirements within this 40-month period due to exceptional circumstances, such as the infrequency of legislative sessions in that jurisdiction, the Secretary may extend such period by not more than 8 months.

(5) Not less frequently than every 5 years, the Secretary shall determine whether each agency certified under this subsection continues to qualify for certification. The Secretary shall take appropriate action with respect to any agency not so qualifying.

(g) Reasonable cause determination and effect

(1) The Secretary shall, within 100 days after the filing of the complaint (or, when the Secretary takes further action under subsection (f)(2) of this section with respect to a complaint, within 100 days after the commencement of such further action), determine based on the facts whether reasonable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, unless it is impracticable to do so, or unless the Secretary has approved a conciliation agreement with respect to the complaint. If the Secretary is unable to make the determination within 100 days after the filing of the complaint (or, when the Secretary takes further action under subsection (f)(2) of this section with respect to a complaint, within 100 days after the commencement of such further action), the Secretary shall notify the complainant and respondent in writing of the reasons for not doing so.

(2)(A) If the Secretary determines that reasonable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, the Secretary shall, except as provided in subparagraph (C), immediately issue a charge on behalf of the aggrieved person, for further proceedings under section 3612 of this title.

(B) Such charge—

(i) shall consist of a short and plain statement of the facts upon which the Secretary has found reasonable cause to believe that a

discriminatory housing practice has occurred or is about to occur;

(ii) shall be based on the final investigative report; and

(iii) need not be limited to the facts or grounds alleged in the complaint filed under subsection (a) of this section.

(C) If the Secretary determines that the matter involves the legality of any State or local zoning or other land use law or ordinance, the Secretary shall immediately refer the matter to the Attorney General for appropriate action under section 3614 of this title, instead of issuing such charge.

(3) If the Secretary determines that no reasonable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, the Secretary shall promptly dismiss the complaint. The Secretary shall make public disclosure of each such dismissal.

(4) The Secretary may not issue a charge under this section regarding an alleged discriminatory housing practice after the beginning of the trial of a civil action commenced by the aggrieved party under an Act of Congress or a State law, seeking relief with respect to that discriminatory housing practice.

(h) Service of copies of charge

After the Secretary issues a charge under this section, the Secretary shall cause a copy thereof, together with information as to how to make an election under section 3612(a) of this title and the effect of such an election, to be served—

(1) on each respondent named in such charge, together with a notice of opportunity for a hearing at a time and place specified in the notice, unless that election is made; and

(2) on each aggrieved person on whose behalf the complaint was filed.

§ 3612. Enforcement by Secretary

(a) Election of judicial determination

When a charge is filed under section 3610 of this title, a complainant, a respondent, or an aggrieved person on whose behalf the complaint was filed, may elect to have the claims asserted in that charge decided in a civil action under subsection (o) of this section in lieu of a hearing under subsection (b) of this section. The election must be made not later than 20 days after the receipt by the electing person of service under section 3610(h) of this title or, in the case of the Secretary, not later than 20 days after such service. The person making such election shall give notice of doing so to the Secretary and to all other complainants and respondents to whom the charge relates.

(b) Administrative law judge hearing in absence of election

If an election is not made under subsection (a) of this section with respect to a charge filed

under section 3610 of this title, the Secretary shall provide an opportunity for a hearing on the record with respect to a charge issued under section 3610 of this title. The Secretary shall delegate the conduct of a hearing under this section to an administrative law judge appointed under section 3105 of title 5. The administrative law judge shall conduct the hearing at a place in the vicinity in which the discriminatory housing practice is alleged to have occurred or to be about to occur.

(c) Rights of parties

At a hearing under this section, each party may appear in person, be represented by counsel, present evidence, cross-examine witnesses, and obtain the issuance of subpoenas under section 3611 of this title. Any aggrieved person may intervene as a party in the proceeding. The Federal Rules of Evidence apply to the presentation of evidence in such hearing as they would in a civil action in a United States district court.

(d) Expedited discovery and hearing

(1) Discovery in administrative proceedings under this section shall be conducted as expeditiously and inexpensively as possible, consistent with the need of all parties to obtain relevant evidence.

(2) A hearing under this section shall be conducted as expeditiously and inexpensively as possible, consistent with the needs and rights of the parties to obtain a fair hearing and a complete record.

(3) The Secretary shall, not later than 180 days after September 13, 1988, issue rules to implement this subsection.

(e) Resolution of charge

Any resolution of a charge before a final order under this section shall require the consent of the aggrieved person on whose behalf the charge is issued.

(f) Effect of trial of civil action on administrative proceedings

An administrative law judge may not continue administrative proceedings under this section regarding any alleged discriminatory housing practice after the beginning of the trial of a civil action commenced by the aggrieved party under an Act of Congress or a State law, seeking relief with respect to that discriminatory housing practice.

(g) Hearings, findings and conclusions, and order

(1) The administrative law judge shall commence the hearing under this section no later than 120 days following the issuance of the charge, unless it is impracticable to do so. If the administrative law judge is unable to commence the hearing within 120 days after the issuance of the charge, the administrative law judge shall notify the Secretary, the aggrieved person on whose behalf the charge was filed, and the respondent, in writing of the reasons for not doing so.

(2) The administrative law judge shall make findings of fact and conclusions of law within 60 days after the end of the hearing under this section, unless it is impracticable to do so. If the administrative law judge is unable to make findings of fact and conclusions of law within such

period, or any succeeding 60-day period thereafter, the administrative law judge shall notify the Secretary, the aggrieved person on whose behalf the charge was filed, and the respondent, in writing of the reasons for not doing so.

(3) If the administrative law judge finds that a respondent has engaged or is about to engage in a discriminatory housing practice, such administrative law judge shall promptly issue an order for such relief as may be appropriate, which may include actual damages suffered by the aggrieved person and injunctive or other equitable relief. Such order may, to vindicate the public interest, assess a civil penalty against the respondent—

(A) in an amount not exceeding \$10,000 if the respondent has not been adjudged to have committed any prior discriminatory housing practice;

(B) in an amount not exceeding \$25,000 if the respondent has been adjudged to have committed one other discriminatory housing practice during the 5-year period ending on the date of the filing of this charge; and

(C) in an amount not exceeding \$50,000 if the respondent has been adjudged to have committed 2 or more discriminatory housing practices during the 7-year period ending on the date of the filing of this charge;

except that if the acts constituting the discriminatory housing practice that is the object of the charge are committed by the same natural person who has been previously adjudged to have committed acts constituting a discriminatory housing practice, then the civil penalties set forth in subparagraphs (B) and (C) may be imposed without regard to the period of time within which any subsequent discriminatory housing practice occurred.

(4) No such order shall affect any contract, sale, encumbrance, or lease consummated before the issuance of such order and involving a bona fide purchaser, encumbrancer, or tenant without actual notice of the charge filed under this subchapter.

(5) In the case of an order with respect to a discriminatory housing practice that occurred in the course of a business subject to a licensing or regulation by a governmental agency, the Secretary shall, not later than 30 days after the date of the issuance of such order (or, if such order is judicially reviewed, 30 days after such order is in substance affirmed upon such review)—

(A) send copies of the findings of fact, conclusions of law, and the order, to that governmental agency; and

(B) recommend to that governmental agency appropriate disciplinary action (including, where appropriate, the suspension or revocation of the license of the respondent).

(6) In the case of an order against a respondent against whom another order was issued within the preceding 5 years under this section, the Secretary shall send a copy of each such order to the Attorney General.

(7) If the administrative law judge finds that the respondent has not engaged or is not about to engage in a discriminatory housing practice, as the case may be, such administrative law

judge shall enter an order dismissing the charge. The Secretary shall make public disclosure of each such dismissal.

(h) Review by Secretary; service of final order

(1) The Secretary may review any finding, conclusion, or order issued under subsection (g) of this section. Such review shall be completed not later than 30 days after the finding, conclusion, or order is so issued; otherwise the finding, conclusion, or order becomes final.

(2) The Secretary shall cause the findings of fact and conclusions of law made with respect to any final order for relief under this section, together with a copy of such order, to be served on each aggrieved person and each respondent in the proceeding.

(i) Judicial review

(1) Any party aggrieved by a final order for relief under this section granting or denying in whole or in part the relief sought may obtain a review of such order under chapter 158 of title 28.

(2) Notwithstanding such chapter, venue of the proceeding shall be in the judicial circuit in which the discriminatory housing practice is alleged to have occurred, and filing of the petition for review shall be not later than 30 days after the order is entered.

(j) Court enforcement of administrative order upon petition by Secretary

(1) The Secretary may petition any United States court of appeals for the circuit in which the discriminatory housing practice is alleged to have occurred or in which any respondent resides or transacts business for the enforcement of the order of the administrative law judge and for appropriate temporary relief or restraining order, by filing in such court a written petition praying that such order be enforced and for appropriate temporary relief or restraining order.

(2) The Secretary shall file in court with the petition the record in the proceeding. A copy of such petition shall be forthwith transmitted by the clerk of the court to the parties to the proceeding before the administrative law judge.

(k) Relief which may be granted

(1) Upon the filing of a petition under subsection (i) or (j) of this section, the court may—

(A) grant to the petitioner, or any other party, such temporary relief, restraining order, or other order as the court deems just and proper;

(B) affirm, modify, or set aside, in whole or in part, the order, or remand the order for further proceedings; and

(C) enforce such order to the extent that such order is affirmed or modified.

(2) Any party to the proceeding before the administrative law judge may intervene in the court of appeals.

(3) No objection not made before the administrative law judge shall be considered by the court, unless the failure or neglect to urge such objection is excused because of extraordinary circumstances.

(l) Enforcement decree in absence of petition for review

If no petition for review is filed under subsection (i) of this section before the expiration

of 45 days after the date the administrative law judge's order is entered, the administrative law judge's findings of fact and order shall be conclusive in connection with any petition for enforcement—

(1) which is filed by the Secretary under subsection (j) of this section after the end of such day; or

(2) under subsection (m) of this section.

(m) Court enforcement of administrative order upon petition of any person entitled to relief

If before the expiration of 60 days after the date the administrative law judge's order is entered, no petition for review has been filed under subsection (i) of this section, and the Secretary has not sought enforcement of the order under subsection (j) of this section, any person entitled to relief under the order may petition for a decree enforcing the order in the United States court of appeals for the circuit in which the discriminatory housing practice is alleged to have occurred.

(n) Entry of decree

The clerk of the court of appeals in which a petition for enforcement is filed under subsection (l) or (m) of this section shall forthwith enter a decree enforcing the order and shall transmit a copy of such decree to the Secretary, the respondent named in the petition, and to any other parties to the proceeding before the administrative law judge.

(o) Civil action for enforcement when election is made for such civil action

(1) If an election is made under subsection (a) of this section, the Secretary shall authorize, and not later than 30 days after the election is made the Attorney General shall commence and maintain, a civil action on behalf of the aggrieved person in a United States district court seeking relief under this subsection. Venue for such civil action shall be determined under chapter 87 of title 28.

(2) Any aggrieved person with respect to the issues to be determined in a civil action under this subsection may intervene as of right in that civil action.

(3) In a civil action under this subsection, if the court finds that a discriminatory housing practice has occurred or is about to occur, the court may grant as relief any relief which a court could grant with respect to such discriminatory housing practice in a civil action under section 3613 of this title. Any relief so granted that would accrue to an aggrieved person in a civil action commenced by that aggrieved person under section 3613 of this title shall also accrue to that aggrieved person in a civil action under this subsection. If monetary relief is sought for the benefit of an aggrieved person who does not intervene in the civil action, the court shall not award such relief if that aggrieved person has not complied with discovery orders entered by the court.

(p) Attorney's fees

In any administrative proceeding brought under this section, or any court proceeding arising therefrom, or any civil action under this section, the administrative law judge or the court,

as the case may be, in its discretion, may allow the prevailing party, other than the United States, a reasonable attorney's fee and costs. The United States shall be liable for such fees and costs to the extent provided by section 504 of title 5 or by section 2412 of title 28.

§ 3613. Enforcement by private persons

(a) Civil action

(1)(A) An aggrieved person may commence a civil action in an appropriate United States district court or State court not later than 2 years after the occurrence or the termination of an alleged discriminatory housing practice, or the breach of a conciliation agreement entered into under this subchapter, whichever occurs last, to obtain appropriate relief with respect to such discriminatory housing practice or breach.

(B) The computation of such 2-year period shall not include any time during which an administrative proceeding under this subchapter was pending with respect to a complaint or charge under this subchapter based upon such discriminatory housing practice. This subparagraph does not apply to actions arising from a breach of a conciliation agreement.

(2) An aggrieved person may commence a civil action under this subsection whether or not a complaint has been filed under section 3610(a) of this title and without regard to the status of any such complaint, but if the Secretary or a State or local agency has obtained a conciliation agreement with the consent of an aggrieved person, no action may be filed under this subsection by such aggrieved person with respect to the alleged discriminatory housing practice which forms the basis for such complaint except for the purpose of enforcing the terms of such an agreement.

(3) An aggrieved person may not commence a civil action under this subsection with respect to an alleged discriminatory housing practice which forms the basis of a charge issued by the Secretary if an administrative law judge has commenced a hearing on the record under this subchapter with respect to such charge.

(b) Appointment of attorney by court

Upon application by a person alleging a discriminatory housing practice or a person against whom such a practice is alleged, the court may—

(1) appoint an attorney for such person; or

(c) Relief which may be granted

(1) In a civil action under subsection (a) of this section, if the court finds that a discriminatory housing practice has occurred or is about to occur, the court may award to the plaintiff actual and punitive damages, and subject to subsection (d) of this section, may grant as relief, as the court deems appropriate, any permanent or temporary injunction, temporary restraining order, or other order (including an order enjoining the defendant from engaging in such practice or ordering such affirmative action as may be appropriate).

(2) In a civil action under subsection (a) of this section, the court, in its discretion, may allow the prevailing party, other than the United States, a reasonable attorney's fee and costs. The United States shall be liable for such fees and costs to the same extent as a private person.

(d) Effect on certain sales, encumbrances, and rentals

Relief granted under this section shall not affect any contract, sale, encumbrance, or lease consummated before the granting of such relief and involving a bona fide purchaser, encumbrancer, or tenant, without actual notice of the filing of a complaint with the Secretary or civil action under this subchapter.

(e) Intervention by Attorney General

Upon timely application, the Attorney General may intervene in such civil action, if the Attorney General certifies that the case is of general public importance. Upon such intervention the Attorney General may obtain such relief as would be available to the Attorney General under section 3614(e) of this title in a civil action to which such section applies.

§ 3616a. Fair housing initiatives program**(a) In general**

The Secretary of Housing and Urban Development (in this section referred to as the “Secretary”) may make grants to, or (to the extent of amounts provided in appropriation Acts) enter into contracts or cooperative agreements with, State or local governments or their agencies, public or private nonprofit organizations or institutions, or other public or private entities that are formulating or carrying out programs to prevent or eliminate discriminatory housing practices, to develop, implement, carry out, or coordinate—

(1) programs or activities designed to obtain enforcement of the rights granted by title VIII of the Act of April 11, 1968 [42 U.S.C. 3601 et seq.] (commonly referred to as the Civil Rights Act of 1968), or by State or local laws that provide rights and remedies for alleged discriminatory housing practices that are substantially equivalent to the rights and remedies provided in such title VIII, through such appropriate judicial or administrative proceedings (including informal methods of conference, conciliation, and persuasion) as are available therefor; and

(2) education and outreach programs designed to inform the public concerning rights and obligations under the laws referred to in paragraph (1).

(b) Private enforcement initiatives**(1) In general**

The Secretary shall use funds made available under this subsection to conduct, through contracts with private nonprofit fair housing enforcement organizations, investigations of violations of the rights granted under title VIII of the Civil Rights Act of 1968 [42 U.S.C. 3601 et seq.], and such enforcement activities as appropriate to remedy such violations. The Secretary may enter into multiyear contracts and take such other action as is appropriate to enhance the effectiveness of such investigations and enforcement activities.

(2) Activities

The Secretary shall use funds made available under this subsection to conduct, through contracts with private nonprofit fair housing enforcement organizations, a range of investigative and enforcement activities designed to—

Contracts or cooperative agreements may not provide more than 50 percent of the operating budget of the recipient organization for any one year.

(2) Capacity enhancement

The Secretary shall use funds made available under this section to help establish, organize, and build the capacity of fair housing enforcement organizations, particularly in those areas of the country which are currently underserved by fair housing enforcement organizations as well as those areas where large concentrations of protected classes exist. The national program shall be designed to provide a centralized, coordinated effort for the development and dissemination of fair housing media products, including—

(A) public service announcements, both audio and video;

(B) television, radio and print advertisements;

- (C) posters; and
- (D) pamphlets and brochures.

dence of discriminatory housing practices. Such guidelines shall apply only to activities funded under this section, shall not be construed to limit or otherwise restrict the use of facts secured through testing not funded under this section in any legal proceeding under Federal fair housing laws, and shall not be used to restrict individuals or entities, including those participating in the fair housing initiatives program, from pursuing any right or remedy guaranteed by Federal law. Not later than 6 months after the end of the demonstration period authorized in this section,¹ the Secretary shall submit to Congress the evaluation of the Secretary of the effectiveness of such guidelines in achieving the purposes of this section.

REFERENCES IN TEXT

The Civil Rights Act of 1968, referred to in subsecs. (a)(1), (b)(1), (2)(C), (c)(1), and (d), is Pub. L. 90-284, Apr. 11, 1968, 82 Stat. 73, as amended. Title VIII of the Act, known as the Fair Housing Act, is classified principally to subchapter I (§3601 et seq.) of this chapter. For complete classification of these Acts to the Code, see Short Title notes set out under section 3601 of this title and Tables.

The Fair Housing Act Amendments of 1988, referred to in subsec. (d)(1), probably means the Fair Housing Amendments Act of 1988, Pub. L. 100-430, Sept. 13, 1988, 102 Stat. 1619, as amended. For complete classification of this Act to the Code, see Short Title of 1988 Amendment note set out under section 3601 of this title and Tables.

The phrase “Not later than 6 months after the end of the demonstration period authorized in this section”, referred to in subsec. (f)(2), probably means the end of the demonstration period pursuant to former subsec. (e) of this section, which provided that such period was to end Sept. 30, 1992. However, subsec. (e) was redesignated (h) and struck out by Pub. L. 102-550. See 1992 Amendment notes below.

CODIFICATION

Section was enacted as part of the Housing and Community Development Act of 1987, and not as part of title VIII of Pub. L. 90-284, known as the Fair Housing Act, which comprises this subchapter.

Section was formerly set out as a note under section 3616 of this title.

AMENDMENTS

1995—Subsec. (e)(2). Pub. L. 104-66 struck out par. (2) which read as follows: “The Secretary shall provide to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Banking, Finance and Urban Affairs of the House of Representatives a quarterly report that summarizes the activities funded under this section and describes the geographical distribution of grants, contracts, or cooperative agreements funded under this section.”

1992—Subsecs. (b) to (f). Pub. L. 102-550, §905(b)(1), (2), added subsecs. (b) to (d) and redesignated former subsecs. (b) and (c) as (e) and (f), respectively.

Subsec. (g). Pub. L. 102-550, §905(b)(1), (3), redesignated subsec. (d) as (g) and, in first sentence, substituted “\$21,000,000 for fiscal year 1993 and \$26,000,000

for fiscal year 1994, of which—” and pars. (1) to (4) for “including any program evaluations, \$6,000,000 for fiscal year 1991 and \$6,300,000 for fiscal year 1992, of which not more than \$3,000,000 in each year shall be for the private enforcement initiative demonstration.”

Subsec. (h). Pub. L. 102-550, §905(b)(4), added subsec. (h) and struck out former subsec. (h) which provided that the demonstration period authorized by this section would end Sept. 30, 1992.

Pub. L. 102-550, §905(b)(1), redesignated subsec. (e) as (h).

Subsecs. (i), (j). Pub. L. 102-550, §905(b)(4), added subsecs. (i) and (j).

1990—Subsec. (d). Pub. L. 101-625, §953(a), amended first sentence generally. Prior to amendment, first sentence read as follows: “There are authorized to be appropriated to carry out the provisions of this section, including any program evaluations, \$5,000,000 for fiscal year 1988, and \$5,000,000 for fiscal year 1989, of which not more than \$3,000,000 in each year shall be for the private enforcement initiative demonstration.”

Subsec. (e). Pub. L. 101-625, §953(b), substituted “1992” for “1989”.

CHANGE OF NAME

Committee on Banking, Finance and Urban Affairs of House of Representatives treated as referring to Committee on Banking and Financial Services of House of Representatives by section 1(a) of Pub. L. 104-14, set out as a note preceding section 21 of Title 2, The Congress. Committee on Banking and Financial Services of House of Representatives abolished and replaced by Committee on Financial Services of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred from Committee on Energy and Commerce of House of Representatives by House Resolution No. 5, One Hundred Seventh Congress, Jan. 3, 2001.

CONGRESSIONAL FINDINGS

Section 905(a) of Pub. L. 102-550 provided that: “The Congress finds that—

“(1) in the past half decade, there have been major legislative and administrative changes in Federal fair housing and fair lending laws and substantial improvements in the Nation’s understanding of discrimination in the housing markets;

“(2) in response to evidence of continuing housing discrimination, the Congress passed the Fair Housing Act Amendments of 1988 [probably should be the Fair Housing Amendments Act of 1988, Pub. L. 100-430, see Short Title of 1988 Amendment note set out under section 3601 of this title], to provide for more effective enforcement of fair housing rights through judicial and administrative avenues and to expand the number of protected classes covered under Federal fair housing laws;

“(3) in the Financial Institutions Reform, Recovery and Enforcement Act of 1989 [Pub. L. 101-73, see Short Title of 1989 Amendment note set out under 12 U.S.C. 1811], the Congress expanded the disclosure provisions under the Home Mortgage Disclosure Act [probably should be the Home Mortgage Disclosure Act of 1975; 12 U.S.C. 2801 et seq.] to provide increased information on the mortgage lending patterns of financial institutions;

“(4) in the Americans with Disabilities Act of 1990 [42 U.S.C. 12101 et seq.], the Congress provided a clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities;

“(5) in 1991, data collected under the Home Mortgage Disclosure Act disclosed evidence of pervasive discrimination in the Nation’s mortgage lending markets;

“(6) the Housing Discrimination Survey, released by the Department of Housing and Urban Development in 1991, found that Hispanic and African-American homeseekers experience some form of discrimi-

nation in at least half of their encounters with sales and rental agents;

“(7) the Fair Housing Initiatives Program should be revised and expanded to reflect the significant changes in the fair housing and fair lending area that have taken place since the Program’s initial authorization in the Housing and Community Development Act of 1987 [Pub. L. 100-242, see Short Title of 1988 Amendment note under section 5301 of this title];

“(8) continuing educational efforts by the real estate industry are a useful way to increase understanding by the public of their fair housing rights and responsibilities; and

“(9) the proven efficacy of private nonprofit fair housing enforcement organizations and community-based efforts makes support for these organizations a necessary component of the fair housing enforcement system.”

(a) In general

From amounts made available under section 3712a(c) of this title, the Director of the Office of

Weed and Seed Strategies may implement strategies, to be known as Weed and Seed strategies, to prevent, control, and reduce violent crime, criminal drug-related activity, and gang activity in designated Weed-and-Seed communities. Each such strategy shall involve both of the following activities:

(1) Weeding

Activities, to be known as Weeding activities, which shall include promoting and coordinating a broad spectrum of community efforts (especially those of law enforcement agencies and prosecutors) to arrest, and to sanction or incarcerate, persons in that community who participate or engage in violent crime, criminal drug-related activity, and other crimes that threaten the quality of life in that community.

(2) Seeding

Activities, to be known as Seeding activities, which shall include promoting and coordinating a broad spectrum of community efforts (such as drug abuse education, mentoring, and employment counseling) to provide—

(A) human services, relating to prevention, intervention, or treatment, for at-risk individuals and families; and

(B) community revitalization efforts, including enforcement of building codes and development of the economy.

(b) Guidelines

The Director shall issue guidelines for the development and implementation of Weed and Seed strategies under this section. The guidelines shall ensure that the Weed and Seed strategy for a community referred to in subsection (a) of this section shall—

(1) be planned and implemented through and under the auspices of a steering committee, properly established in the community, comprised of—

(A) in a voting capacity, representatives of—

(i) appropriate law enforcement agencies; and

(ii) other public and private agencies, and neighborhood and community-based organizations, interested in criminal justice and community-based development and revitalization in the community; and

(B) in a voting capacity, both—

(i) the Drug Enforcement Administration’s special agent in charge for the jurisdiction encompassing the community; and

(ii) the United States Attorney for the District encompassing the community;

(2) describe how law enforcement agencies, other public and private agencies, neighborhood and community-based organizations, and interested citizens are to cooperate in implementing the strategy; and

(3) incorporate a community-policing component that shall serve as a bridge between the Weeding activities under subsection (a)(1) of this section and the Seeding activities under subsection (a)(2) of this section.

(c) Designation

For a community to be designated as a Weed-and-Seed community for purposes of subsection (a) of this section—

(1) the United States Attorney for the District encompassing the community must certify to the Director that—

(A) the community suffers from consistently high levels of crime or otherwise is appropriate for such designation;

(B) the Weed and Seed strategy proposed, adopted, or implemented by the steering committee has a high probability of improving the criminal justice system within the community and contains all the elements required by the Director; and

(C) the steering committee is capable of implementing the strategy appropriately; and

(2) the community must agree to formulate a timely and effective plan to independently sustain the strategy (or, at a minimum, a majority of the best practices of the strategy) when assistance under this section is no longer available.

(d) Application

An application for designation as a Weed-and-Seed community for purposes of subsection (a) of this section shall be submitted to the Director by the steering committee of the community in such form, and containing such information and assurances, as the Director may require. The application shall propose—

(1) a sustainable Weed and Seed strategy that includes—

(A) the active involvement of the United States Attorney for the District encompassing the community, the Drug Enforcement Administration's special agent in charge for the jurisdiction encompassing the community, and other Federal law enforcement agencies operating in the vicinity;

(B) a significant community-oriented policing component; and

(C) demonstrated coordination with complementary neighborhood and community-based programs and initiatives; and

(2) a methodology with outcome measures and specific objective indicia of performance to be used to evaluate the effectiveness of the strategy.

(e) Grants

(1) In general

In implementing a strategy for a community under subsection (a) of this section, the Director may make grants to that community.

(2) Uses

For each grant under this subsection, the community receiving that grant may not use any of the grant amounts for construction, except that the Assistant Attorney General may authorize use of grant amounts for incidental or minor construction, renovation, or remodeling.

(3) Limitations

A community may not receive grants under this subsection (or fall within such a community)—

(A) for a period of more than 10 fiscal years;

(B) for more than 5 separate fiscal years, except that the Assistant Attorney General

may, in single increments and only upon a showing of extraordinary circumstances, authorize grants for not more than 3 additional separate fiscal years; or

(C) in an aggregate amount of more than \$1,000,000, except that the Assistant Attorney General may, upon a showing of extraordinary circumstances, authorize grants for not more than an additional \$500,000.

(4) Distribution

In making grants under this subsection, the Director shall ensure that—

(A) to the extent practicable, the distribution of such grants is geographically equitable and includes both urban and rural areas of varying population and area; and

(B) priority is given to communities that clearly and effectively coordinate crime prevention programs with other Federal programs in a manner that addresses the overall needs of such communities.

(5) Federal share

(A) Subject to subparagraph (B), the Federal share of a grant under this subsection may not exceed 75 percent of the total costs of the projects described in the application for which the grant was made.

(B) The requirement of subparagraph (A)—

(i) may be satisfied in cash or in kind; and

(ii) may be waived by the Assistant Attorney General upon a determination that the financial circumstances affecting the applicant warrant a finding that such a waiver is equitable.

(6) Supplement, not supplant

To receive a grant under this subsection, the applicant must provide assurances that the amounts received under the grant shall be used to supplement, not supplant, non-Federal funds that would otherwise be available for programs or services provided in the community.

Pub. L. 105-301, Oct. 27, 1998, 112 Stat. 2838, as amended by Pub. L. 106-402, title IV, §401(b)(10), Oct. 30, 2000, 114 Stat. 1739, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Crime Victims With Disabilities Awareness Act’.

“SEC. 2. FINDINGS; PURPOSES.

“(a) FINDINGS.—Congress finds that—

“(1) although research conducted abroad demonstrates that individuals with developmental disabilities are at a 4 to 10 times higher risk of becoming crime victims than those without disabilities, there have been no significant studies on this subject conducted in the United States;

“(2) in fact, the National Crime Victim’s Survey, conducted annually by the Bureau of Justice Statistics of the Department of Justice, does not specifically collect data relating to crimes against individuals with developmental disabilities;

“(3) studies in Canada, Australia, and Great Britain consistently show that victims with developmental disabilities suffer repeated victimization because so few of the crimes against them are reported, and even when they are, there is sometimes a reluctance by police, prosecutors, and judges to rely on the testimony of a disabled individual, making individuals with developmental disabilities a target for criminal predators;

“(4) research in the United States needs to be done to—

“(A) understand the nature and extent of crimes against individuals with developmental disabilities;

“(B) describe the manner in which the justice system responds to crimes against individuals with developmental disabilities; and

“(C) identify programs, policies, or laws that hold promises for making the justice system more responsive to crimes against individuals with developmental disabilities; and

“(5) the National Academy of Science Committee on Law and Justice of the National Research Council is a premier research institution with unique experience in developing seminal, multidisciplinary studies to establish a strong research base from which to make public policy.

“(b) PURPOSES.—The purposes of this Act are—

“(1) to increase public awareness of the plight of victims of crime who are individuals with developmental disabilities;

“(2) to collect data to measure the extent of the problem of crimes against individuals with developmental disabilities; and

“(3) to develop a basis to find new strategies to address the safety and justice needs of victims of crime who are individuals with developmental disabilities.

“SEC. 3. DEFINITION OF DEVELOPMENTAL DISABILITY.

“In this Act, the term ‘developmental disability’ has the meaning given the term in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 [42 U.S.C. 15002].

“SEC. 4. STUDY.

“(a) IN GENERAL.—The Attorney General shall conduct a study to increase knowledge and information about crimes against individuals with developmental disabilities that will be useful in developing new strategies to reduce the incidence of crimes against those individuals.

“(b) ISSUES ADDRESSED.—The study conducted under this section shall address such issues as—

“(1) the nature and extent of crimes against individuals with developmental disabilities;

“(2) the risk factors associated with victimization of individuals with developmental disabilities;

“(3) the manner in which the justice system responds to crimes against individuals with developmental disabilities; and

“(4) the means by which States may establish and maintain a centralized computer database on the incidence of crimes against individuals with disabilities within a State.

“(c) NATIONAL ACADEMY OF SCIENCES.—In carrying out this section, the Attorney General shall consider contracting with the Committee on Law and Justice of the National Research Council of the National Academy of Sciences to provide research for the study conducted under this section.

“(d) REPORT.—Not later than 18 months after the date of enactment of this Act [Oct. 27, 1998], the Attorney General shall submit to the Committees on the Judiciary of the Senate and the House of Representatives a report describing the results of the study conducted under this section.

“SEC. 5. NATIONAL CRIME VICTIM’S SURVEY.

“Not later than 2 years after the date of enactment of this Act, as part of each National Crime Victim’s Survey, the Attorney General shall include statistics relating to—

“(1) the nature of crimes against individuals with developmental disabilities; and

“(2) the specific characteristics of the victims of those crimes.”

§ 3755. Formula**(a) Allocation among States****(1) In general**

Of the total amount appropriated for this part, the Attorney General shall, except as provided in paragraph (2), allocate—

(A) 50 percent of such remaining amount to each State in amounts that bear the same ratio of—

(i) the total population of a State to—

(ii) the total population of the United States; and

(B) 50 percent of such remaining amount to each State in amounts that bear the same ratio of—

(i) the average annual number of part 1 violent crimes of the Uniform Crime Reports of the Federal Bureau of Investigation reported by such State for the three most recent years reported by such State to—

(ii) the average annual number of such crimes reported by all States for such years.

(2) Minimum allocation

If carrying out paragraph (1) would result in any State receiving an allocation less than 0.25 percent of the total amount (in this paragraph referred to as a “minimum allocation State”), then paragraph (1), as so carried out, shall not apply, and the Attorney General shall instead—

(A) allocate 0.25 percent of the total amount to each State; and

(B) using the amount remaining after carrying out subparagraph (A), carry out paragraph (1) in a manner that excludes each minimum allocation State, including the population of and the crimes reported by such State.

(b) Allocation between States and units of local government

Of the amounts allocated under subsection (a) of this section—

(1) 60 percent shall be for direct grants to States, to be allocated under subsection (c) of this section; and

(2) 40 percent shall be for grants to be allocated under subsection (d) of this section.

(c) Allocation for State governments**(1) In general**

Of the amounts allocated under subsection (b)(1) of this section, each State may retain for the purposes described in section 3751 of this title an amount that bears the same ratio of—

(A) total expenditures on criminal justice by the State government in the most recently completed fiscal year to—

(B) the total expenditure on criminal justice by the State government and units of local government within the State in such year.

(2) Remaining amounts

Except as provided in subsection (e)(1) of this section, any amounts remaining after the allocation required by paragraph (1) shall be made available to units of local government by the State for the purposes described in section 3751 of this title.

(d) Allocations to local governments**(1) In general**

Of the amounts allocated under subsection (b)(2) of this section, grants for the purposes described in section 3751 of this title shall be made directly to units of local government within each State in accordance with this sub-

section, subject to subsection (e) of this section.

(2) Allocation

(A) In general

From the amounts referred to in paragraph (1) with respect to a State (in this subsection referred to as the “local amount”), the Attorney General shall allocate to each unit of local government an amount which bears the same ratio to such share as the average annual number of part 1 violent crimes reported by such unit to the Federal Bureau of Investigation for the 3 most recent calendar years for which such data is available bears to the number of part 1 violent crimes reported by all units of local government in the State in which the unit is located to the Federal Bureau of Investigation for such years.

(B) Transitional rule

Notwithstanding subparagraph (A), for fiscal years 2006, 2007, and 2008, the Attorney General shall allocate the local amount to units of local government in the same manner that, under the Local Government Law Enforcement Block Grants program in effect immediately before January 5, 2006, the reserved amount was allocated among reporting and nonreporting units of local government.

(3) Annexed units

If a unit of local government in the State has been annexed since the date of the collection of the data used by the Attorney General in making allocations pursuant to this section, the Attorney General shall pay the amount that would have been allocated to such unit of local government to the unit of local government that annexed it.

(4) Resolution of disparate allocations

(A) Notwithstanding any other provision of this part, if—

(i) the Attorney General certifies that a unit of local government bears more than 50 percent of the costs of prosecution or incarceration that arise with respect to part 1 violent crimes reported by a specified geographically constituent unit of local government; and

(ii) but for this paragraph, the amount of funds allocated under this section to—

(I) any one such specified geographically constituent unit of local government exceeds 150 percent of the amount allocated to the unit of local government certified pursuant to clause (i); or

(II) more than one such specified geographically constituent unit of local government exceeds 400 percent of the amount allocated to the unit of local government certified pursuant to clause (i),

then in order to qualify for payment under this subsection, the unit of local government certified pursuant to clause (i), together with any such specified geographically constituent units of local government described in clause (ii), shall submit to the Attorney General a joint application for the aggregate of funds al-

located to such units of local government. Such application shall specify the amount of such funds that are to be distributed to each of the units of local government and the purposes for which such funds are to be used. The units of local government involved may establish a joint local advisory board for the purposes of carrying out this paragraph.

(B) In this paragraph, the term “geographically constituent unit of local government” means a unit of local government that has jurisdiction over areas located within the boundaries of an area over which a unit of local government certified pursuant to clause (i) has jurisdiction.

(e) Limitation on allocations to units of local government

(1) Maximum allocation

No unit of local government shall receive a total allocation under this section that exceeds such unit’s total expenditures on criminal justice services for the most recently completed fiscal year for which data are available. Any amount in excess of such total expenditures shall be allocated proportionally among units of local government whose allocations under this section do not exceed their total expenditures on such services.

(2) Allocations under \$10,000

If the allocation under this section to a unit of local government is less than \$10,000 for any fiscal year, the direct grant to the State under subsection (c) of this section shall be increased by the amount of such allocation, to be distributed (for the purposes described in section 3751 of this title) among State police departments that provide criminal justice services to units of local government and units of local government whose allocation under this section is less than \$10,000.

(3) Non-reporting units

No allocation under this section shall be made to a unit of local government that has not reported at least three years of data on part 1 violent crimes of the Uniform Crime Reports to the Federal Bureau of Investigation within the immediately preceding 10 years.

(f) Funds not used by the State

If the Attorney General determines, on the basis of information available during any grant period, that any allocation (or portion thereof) under this section to a State for such grant period will not be required, or that a State will be unable to qualify or receive funds under this part, or that a State chooses not to participate in the program established under this part, then such State’s allocation (or portion thereof) shall be awarded by the Attorney General to units of local government, or combinations thereof, within such State, giving priority to those jurisdictions with the highest annual number of part 1 violent crimes of the Uniform Crime Reports reported by the unit of local government to the Federal Bureau of Investigation for the three most recent calendar years for which such data are available.

(g) Special rules for Puerto Rico**(1) All funds set aside for Commonwealth government**

Notwithstanding any other provision of this part, the amounts allocated under subsection (a) of this section to Puerto Rico, 100 percent shall be for direct grants to the Commonwealth government of Puerto Rico.

(2) No local allocations

Subsections (c) and (d) of this section shall not apply to Puerto Rico.

(h) Units of local government in Louisiana

In carrying out this section with respect to the State of Louisiana, the term “unit of local government” means a district attorney or a parish sheriff.

(Pub. L. 90-351, title I, §505, as added Pub. L. 109-162, title XI, §1111(a)(2)(C), Jan. 5, 2006, 119 Stat. 3097.)

§ 3756. Reserved funds

(a) Of the total amount made available to carry out this part for a fiscal year, the Attorney General shall reserve not more than—

(1) \$20,000,000, for use by the National Institute of Justice in assisting units of local government to identify, select, develop, modernize, and purchase new technologies for use by law enforcement, of which \$1,000,000 shall be for use by the Bureau of Justice Statistics to collect data necessary for carrying out this part; and

(2) \$20,000,000, to be granted by the Attorney General to States and units of local government to develop and implement antiterrorism training programs.

(b) Of the total amount made available to carry out this part for a fiscal year, the Attorney General may reserve not more than 5 percent, to be granted to 1 or more States or units of local government, for 1 or more of the purposes specified in section 3751 of this title, pursuant to his determination that the same is necessary—

(1) to combat, address, or otherwise respond to precipitous or extraordinary increases in crime, or in a type or types of crime; or

(2) to prevent, compensate for, or mitigate significant programmatic harm resulting from operation of the formula established under section 3755 of this title.

§ 3757. Interest-bearing trust funds**(a) Trust fund required**

A State or unit of local government shall establish a trust fund in which to deposit amounts received under this part.

(b) Expenditures**(1) In general**

Each amount received under this part (including interest on such amount) shall be expended before the date on which the grant period expires.

(2) Repayment

A State or unit of local government that fails to expend an entire amount (including interest on such amount) as required by paragraph (1) shall repay the unexpended portion to the Attorney General not later than 3 months after the date on which the grant period expires.

(3) Reduction of future amounts

If a State or unit of local government fails to comply with paragraphs (1) and (2), the Attorney General shall reduce amounts to be provided to that State or unit of local government accordingly.

(c) Repaid amounts

Amounts received as repayments under this section shall be subject to section 3712g of this title as if such amounts had not been granted and repaid. § 3789d. Prohibition of Federal control over State and local criminal justice agencies; prohibition of discrimination

(a) General rule

Nothing in this chapter or any other Act shall be construed to authorize any department, agency, officer, or employee of the United States to exercise any direction, supervision, or control over any police force or any other criminal justice agency of any State or any political subdivision thereof.

(b) Racial imbalance requirement restriction

Notwithstanding any other provision of law, nothing contained in this chapter shall be construed to authorize the National Institute of Justice, the Bureau of Justice Statistics, or the Law Enforcement Assistance Administration—

(1) to require, or condition the availability or amount of a grant upon the adoption by an applicant or grantee under this chapter of a percentage ratio, quota system, or other program to achieve racial balance in any criminal justice agency; or

(2) to deny or discontinue a grant because of the refusal of an applicant or grantee under this chapter to adopt such a ratio, system, or other program.

(c) Discrimination prohibited; notice of non-compliance; suspension and restoration of payments; hearing; civil action by Attorney General; private action, attorney fees, intervention by Attorney General

(1) No person in any State shall on the ground of race, color, religion, national origin, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under or denied employment in connection with any programs or activity funded in whole or in part with funds made available under this chapter.

(2)(A) Whenever there has been—

(i) receipt of notice of a finding, after notice and opportunity for a hearing, by a Federal court (other than in an action brought by the Attorney General) or State court, or by a Federal or State administrative agency, to the effect that there has been a pattern or practice of discrimination in violation of paragraph (1); or

(ii) a determination after an investigation by the Office of Justice Programs (prior to a hearing under subparagraph (F) but including an opportunity for the State government or unit of local government to make a document-

tary submission regarding the allegation of discrimination with respect to such program or activity, with funds made available under this chapter) that a State government or unit of local government is not in compliance with paragraph (1);

the Office of Justice Programs shall, within ten days after such occurrence, notify the chief executive of the affected State, or the State in which the affected unit of local government is located, and the chief executive of such unit of local government, that such program or activity has been so found or determined not to be in compliance with paragraph (1), and shall request each chief executive, notified under this subparagraph with respect to such violation, to secure compliance. For purposes of clause (i) a finding by a Federal or State administrative agency shall be deemed rendered after notice and opportunity for a hearing if it is rendered pursuant to procedures consistent with the provisions of subchapter II of chapter 5 of title 5.

(B) In the event the chief executive secures compliance after notice pursuant to subparagraph (A), the terms and conditions with which the affected State government or unit of local government agrees to comply shall be set forth in writing and signed by the chief executive of the State, by the chief executive of such unit (in the event of a violation by a unit of local government), and by the Office of Justice Programs. On or prior to the effective date of the agreement, the Office of Justice Programs shall send a copy of the agreement to each complainant, if any, with respect to such violation. The chief executive of the State, or the chief executive of the unit (in the event of a violation by a unit of local government) shall file semiannual reports with the Office of Justice Programs detailing the steps taken to comply with the agreement. These reports shall cease to be filed upon the determination of the Office of Justice Programs that compliance has been secured, or upon the determination by a Federal or State court that such State government or local governmental unit is in compliance with this section. Within fifteen days of receipt of such reports, the Office of Justice Programs shall send a copy thereof to each such complainant.

(C) If, at the conclusion of ninety days after notification under subparagraph (A)—

(i) compliance has not been secured by the chief executive of that State or the chief executive of that unit of local government; and

(ii) an administrative law judge has not made a determination under subparagraph (F) that it is likely the State government or unit of local government will prevail on the merits; the Office of Justice Programs shall notify the Attorney General that compliance has not been secured and caused to have suspended further payment of any funds under this chapter to that program or activity. Such suspension shall be limited to the specific program or activity cited by the Office of Justice Programs in the notice under subparagraph (A). Such suspension shall be effective for a period of not more than one hundred and twenty days, or, if there is a hearing under subparagraph (G), not more than thirty days after the conclusion of such hearing, unless there has

been an express finding by the Office of Justice Programs, after notice and opportunity for such a hearing, that the recipient is not in compliance with paragraph (1).

(D) Payment of the suspended funds shall resume only if—

(i) such State government or unit of local government enters into a compliance agreement approved by the Office of Justice Programs and the Attorney General in accordance with subparagraph (B);

(ii) such State government or unit of local government complies fully with the final order or judgment of a Federal or State court, or by a Federal or State administrative agency if that order or judgment covers all the matters raised by the Office of Justice Programs in the notice pursuant to subparagraph (A), or is found to be in compliance with paragraph (1) by such court; or

(iii) after a hearing the Office of Justice Programs pursuant to subparagraph (F) finds that noncompliance has not been demonstrated.

(E) Whenever the Attorney General files a civil action alleging a pattern or practice of discriminatory conduct on the basis of race, color, religion, national origin, or sex in any program or activity of a State government or unit of local government which State government or unit of local government receives funds made available under this chapter, and the conduct allegedly violates the provisions of this section and neither party within forty-five days after such filing has been granted such preliminary relief with regard to the suspension or payment of funds as may be otherwise available by law, the Office of Justice Programs shall cause to have suspended further payment of any funds under this chapter to that specific program or activity alleged by the Attorney General to be in violation of the provisions of this subsection until such time as the court orders resumption of payment.

(F) Prior to the suspension of funds under subparagraph (C), but within the ninety-day period after notification under subparagraph (C), the State government or unit of local government may request an expedited preliminary hearing on the record in accordance with section 554 of title 5, in order to determine whether it is likely that the State government or unit of local government would, at a full hearing under subparagraph (G), prevail on the merits on the issue of the alleged noncompliance. A finding under this subparagraph by the administrative law judge in favor of the State government or unit of local government shall defer the suspension of funds under subparagraph (C) pending a finding of noncompliance at the conclusion of the hearing on the merits under subparagraph (G).

(G)(i) At any time after notification under subparagraph (A), but before the conclusion of the one-hundred-and-twenty-day period referred to in subparagraph (C), a State government or unit of local government may request a hearing on the record in accordance with section 554 of title 5, which the Office of Justice Programs shall initiate within sixty days of such request.

(ii) Within thirty days after the conclusion of the hearing, or, in the absence of a hearing, at

the conclusion of the one-hundred-and-twenty-day period referred to in subparagraph (C), the Office of Justice Programs shall make a finding of compliance or noncompliance. If the Office of Justice Programs makes a finding of noncompliance, the Office of Justice Programs shall notify the Attorney General in order that the Attorney General may institute a civil action under paragraph (3), cause to have terminated the payment of funds under this chapter, and, if appropriate, seek repayment of such funds.

(iii) If the Office of Justice Programs makes a finding of compliance, payment of the suspended funds shall resume as provided in subparagraph (D).

(H) Any State government or unit of local government aggrieved by a final determination of the Office of Justice Programs under subparagraph (G) may appeal such determination as provided in section 3785¹ of this title.

(3) Whenever the Attorney General has reason to believe that a State government or unit of local government has engaged in or is engaging in a pattern or practice in violation of the provisions of this section, the Attorney General may bring a civil action in an appropriate United States district court. Such court may grant as relief any temporary restraining order, preliminary or permanent injunction, or other order, as necessary or appropriate to insure the full enjoyment of the rights described in this section, including the suspension, termination, or repayment of such funds made available under this chapter as the court may deem appropriate, or placing any further such funds in escrow pending the outcome of the litigation.

(4)(A) Whenever a State government or unit of local government, or any officer or employee thereof acting in an official capacity, has engaged or is engaging in any act or practice prohibited by this subsection, a civil action may be instituted after exhaustion of administrative remedies by the person aggrieved in an appropriate United States district court or in a State court of general jurisdiction. Administrative remedies shall be deemed to be exhausted upon the expiration of sixty days after the date the administrative complaint was filed with the Office of Justice Programs or any other administrative enforcement agency, unless within such period there has been a determination by the Office of Justice Programs or the agency on the merits of the complaint, in which case such remedies shall be deemed exhausted at the time the determination becomes final.

(B) In any civil action brought by a private person to enforce compliance with any provision of this subsection, the court may grant to a prevailing plaintiff reasonable attorney fees, unless the court determines that the lawsuit is frivolous, vexatious, brought for harassment purposes, or brought principally for the purpose of gaining attorney fees.

(C) In any action instituted under this section to enforce compliance with paragraph (1), the Attorney General, or a specially designated assistant for or in the name of the United States, may intervene upon timely application if he certifies that the action is of general public impor-

tance. In such action the United States shall be entitled to the same relief as if it had instituted the action.
